Concrete Pavement Preservation Workshop Kurt D. Smith,2008 This document serves as the Reference Manual for the 1 1/2 day FHWA workshop on concrete pavement preservation. The purpose of the document is to provide the most up to date information available on the design, construction and selection of cost effective concrete pavement preservation strategies. It concentrates primarily on strategies and methods that are applicable at the project level and not at the network level where pavement management activities function and address such issues as prioritizing and budgeting. Detailed information is presented on seven specific concrete pavement preservation treatments: slab stabilization, partial depth repairs, full depth repairs, retrofitted edge drains, load transfer restoration, diamond grinding and joint resealing. In addition, information is provided on pavement evaluation techniques and strategy selection procedures.
