Ján Buček, Andrew Ryder, 2015-04-15 This book looks at experience in government restructuring and devolution from a variety of national and international perspectives both within the European Union and elsewhere focusing on lessons learned and ways forward Since the 1980s there has been a global trend to give more power to local governments Even in Korea and the United Kingdom the most centralised countries in the OECD local government powers have increased with substantial economic benefits Within the European Union the principle of subsidiarity has enshrined the idea of devolution New member states particularly in central and eastern Europe have significantly created new and self sufficient local and regional governments However this process has been complicated Devolution is not a panacea in its own right and need not lead to economic growth While it can encourage savings through collaboration it can also lead to confused lines of authority and can complicate policy formation and implantation Devolution can strain local budgets forcing local governments to rely on their own sources of finance rather than central government transfers Suburbanisation rural depopulation the growth of some regions and the decline of others have raised new problems particularly related to inter governmental cooperation among local governments and different levels of government In many cases an increased number of governments has increased administrative costs

Entrepreneurship in Korea Martin Hemmert, Jae-Jin Kim, 2021-06-28 Entrepreneurship in Korea offers a fresh perspective on entrepreneurship in Korea by combining a historical review of the achievements of Korean entrepreneurs at each stage of economic development with an analysis of the activities of current entrepreneurs who are at the forefront of the new Korean age It discusses the crucial role of business entrepreneurship in each stage of Korea's transformation from an underdeveloped East Asian backwater to a global manufacturing and technology powerhouse throughout the last 100 years Furthermore it provides an up to date analysis of contemporary start up entrepreneurship in Korea and discusses its unique characteristics strengths and weaknesses Authors identify specific features of entrepreneurship in Korea why and how business entrepreneurs have been so successful and effective how their entrepreneurial styles and activities have changed over time which challenges Korean start up entrepreneurs are currently facing and how these challenges may be addressed

Saudi Aramco 2030 Mohamed A. Ramady, 2017-10-30 This book discusses the strategic shift in ownership of Aramco the Saudi Arabian Oil Company and its potential impact on Aramco's role in a post privatized world Scheduled to become an IPO in 2018 Aramco is on the verge of becoming the largest IPO on the market As the world's largest oil and gas company Aramco's impending privatization has important implications for the world's petroleum market This book therefore undertakes an analysis of Aramco examining its history its current role in Saudi Arabia's economy and its future role as an IPO The chapters highlight the likely outcomes for Aramco in proceeding with its planned IPO and privatization as well as the various policy options and models available to it by drawing on the privatization of other national oil companies in Norway Russia Brazil and China The book also explores the complexities that will be involved in transforming Saudi Aramco to a privatized company albeit with significant government oversight and

control and addresses key questions on the issues likely to be faced such as IPO pricing the listing domain and market capacity and potential stakeholders As such this book will be of interest to academic researchers studying energy economics energy policy and the political economy of the Middle East as well as private sector decision makers in energy related fields international organizations international oil companies energy commodity traders and public sector energy policy makers with interest in Saudi Arabia and Aramco s IPO **A Treatise of the Law, Privileges, Proceedings and Usage of Parliament** Thomas Erskine May,1893 *The Political Economy of City Branding* Ari-Veikko Anttiroiko,2014-02-24

Globalization affects urban communities in many ways One of its manifestations is increased intercity competition which compels cities to increase their attractiveness in terms of capital entrepreneurship information expertise and consumption This competition takes place in an asymmetric field with cities trying to find the best possible ways of using their natural and created assets the latter including a naturally evolving reputation or consciously developed competitive identity or brand The Political Economy of City Branding discusses this phenomenon from the perspective of numerous post industrial cities in North America Europe East Asia and Australasia Special attention is given to local economic development policy and industrial profiling and global city rankings are used to provide empirical evidence for cities characteristics and positions in the global urban hierarchy On top of this social and urban challenges such as creative class struggle are also discussed The core message of the book is that cities should apply the tools of city branding in their industrial promotion and specialization but at the same time take into account the special nature of their urban communities and be open and inclusive in their brand policies in order to ensure optimal results This book will be of interest to scholars and practitioners working in the areas of local economic development urban planning public management and branding International Business Peter J. Buckley,Peter Enderwick,Adam R. Cross,2018 Practical theoretical global provides thorough grounding in economic and international business theory complemented by cases examples and IB insights from a diverse range of companies and cultures *Economic Development and Political Action in the Arab World* M.A. Mohamed Salih,2014-03-05 Analysis of North African revolt against authoritarianism known as the Arab Spring embraced reductionist explanations such as the social media youth unemployment and citizens agitations to regain dignity in societies humiliated by oppressive regimes This book illustrates that reductionist approaches can only elucidate some symptoms of a social problem while leaving unexplained the economic and political structures which contributed to it One outcome of quiescence resource based ethnic and sectarian conflicts and faulty development paradigm is deepened inequality and a wedge between winners and losers or affluence wealth and power vis vis poverty and hunger among humiliated jobless and hope less masses The book blends theories of development and transition to explain the complex factors which contributed to North Africans revolt against authoritarianism and its long term consequences for political development in the Arab World This timely book is of great interest to researchers and students in Development Studies Economics and Middle Eastern Studies as well as policy makers

Neuromanagement and Neuromarketing Vincenzo Russo, Qingguo Ma, Jesper Clement, Jia Jin, Tao Liu, Margherita Zito, 2022-10-18 **Oil Booms and Business Busts** Nimah Mazaheri, 2016-05-02 Oil Booms and Business Busts looks at how government policymaking shapes a puzzling phenomenon in economic development the curse of natural resources It investigates how oil and mineral wealth shapes a government's policies toward the business environment entrepreneurs and innovative activities Other similar work either ignores the role of government policymaking in oil wealth treats it as another effect of the rentier state or dismisses it as illogical and incoherent One might expect that in light of such abundances governments would encourage entrepreneurship and new businesses to compete and grow in the market but Nimah Mazaheri shows that resource wealth instead incentivizes policymakers to focus on satisfying the interests of existing elites They more than oil poor nations institute barriers that impede the activities of domestic firms and entrepreneurs with the result being unimpressive economic performance over the past half century This is the first book to examine how oil wealth affects non elite actors who own the small and medium sized firms that absorb a majority of the economic and labor force of these countries Looking at two of the most important oil producing countries in the world Iran and Saudi Arabia the book provides an original theory about the factors that shape a logic of policymaking in oil producing states To extend his theory Mazaheri also looks at India which is one of the world's main coal producers He does this to show the effects of the gain and loss of a massive resource windfall on state policymaking toward the private sector Ultimately Mazaheri argues that such policymaking impedes the development of a middle class and therefore democratization a factor that can have overarching political repercussions for governmental stability

Beyond Liberal Order Harry Verhoeven, Anatol Lieven, 2022-05-01

What does liberal order actually amount to outside the West where it has been most institutionalised Contrary to the Atlantic or Pacific liberal hegemony is thin in the Indian Ocean World there are no equivalents of NATO the EU or the US Japan defence relationship Yet what this book calls the Global Indian Ocean was the beating heart of earlier epochs of globalisation where experiments in international order market integration and cosmopolitanisms were pioneered Moreover it is in this macro region that today's challenges will face their defining hour climate change pandemics and the geopolitical contest pitting China and Pakistan against the USA and India The Global Indian Ocean states represent the greatest range of political systems and ideologies in any region from Hindu nationalist India and nascent democracy in Indonesia and South Africa to the Gulf's mixture of tribal monarchy and high modernism These essays by leading scholars examine key aspects of political order and their roots in the colonial and pre colonial past through the lenses of state building nationalism international

security religious identity and economic development The emergent lessons are of great importance for the world as the global liberal order fades and new alternatives struggle to be born Affordable Housing in the Urban Global South Jan Bredenoord,Paul Van Lindert,Peer Smets,2014-06-05 The global increase in the number of slums calls for policies which improve the conditions of the urban poor sustainably This volume provides an extensive overview of current housing policies in Asia Africa and Latin America and presents the facts and trends of recent housing policies The chapters provide ideas and tools for pro poor interventions with respect to the provision of land for housing building materials labour participation and finance The book looks at the role of the various stakeholders involved in such interventions including national and local governments private sector organisations NGOs and Community based Organisations **Digital Financial Services in the Pacific** Asian Development Bank,2016-03-01 The challenging geography and poor infrastructure of many Pacific nations mean digital financial services DFS are a particularly effective means of enhancing financial inclusion in the region However a number of major challenges confront DFS in the Pacific including the establishment of reliable agent networks and the building of sufficient consumer trust in DFS for it to become a viable payments channel This report examines the current use of DFS in the Pacific analyzes the issues that need to be addressed and provides recommendations for increasing financial inclusion in the region This publication was produced by the Pacific Private Sector Development Initiative a regional technical assistance facility cofinanced by the Asian Development Bank ADB the Government of Australia and the New Zealand government
