Time-strapped, screen-addicted, value-savvy and socially engaged, their expectations are tougher than ever for a business to keep up with. They are empowered like never before and expect businesses to respect that sense of empowerment, lashing out at those that don't. Take heart: Old-fashioned customer service, fully retooled for today's blistering pace and digitally connected reality, is what you need to build the kind of loyal customer base that allows you to survive and thrive. And *High Tech High Touch Customer Service* spells out surefire strategies for success in a clear, entertaining and practical way. Discover six major customer trends and what they mean for your business. Eight unbreakable rules for social media customer service. How to build a company culture that breeds stellar customer service. *High Tech High Touch Customer Service* reveals inside secrets of wildly successful customer service initiatives from Internet startups to venerable brands and shows how companies of every stripe can turn casual customers into fervent supporters who will spread the word far and wide online and off. *The Intuitive Compass* Francis Cholle, 2011-09-02 A dynamic new way to understand intuition already implemented around the world at top companies and business schools. Neuroscience shows that instinct has a leading role in complex decision making yet imaginative play is the most direct means of activating our creativity and problem-solving abilities. Based on over 20 years of Cholle's wide-ranging professional experience and insights, *The Intuitive Compass* offers a fascinating new approach to innovative problem solving, decision making and sustainable value creation. Through a concept known as Intuitive Intelligence, Cholle shows how anyone can improve creative brainpower by harnessing the balance between reason and instinct. Explores the tension between linear efficiency and random play and the synergy between reason and instinct. Helps us realize our natural tendencies to think holistically, think paradoxically, notice the unusual or lead by influence. Shows these tenets in action through case studies of the luxury house, Hermès, Paris; Google and its paradoxical work culture; Virgin America and its ability to notice the unusual about what matters for consumers and exert leadership in its industry. *The Intuitive Compass* shows how to thrive within chaos and offers actionable information for reinventing our path to sustainable success.
