Once introduced in May 1917 it proved an immediate success both dramatically reducing losses and increasing U boat losses However despite preliminary discussions prior to the US declaration of war driven notably by the then Assistant Secretary of the Navy and future President Franklin D Roosevelt and the Anglophile Ambassador to Britain Walter Hines Page the US Navy was woefully unprepared for war and at least initially more of a drain on allied resources than an asset Moreover while the Admiralty made desperate pleas for the smaller craft needed to counter U boats in the Western Approaches Washington continued to pursue a capital ship building programme and to retain submarine counter measure vessels on America s Eastern seaboard despite little or no evidence of U boat activity in those waters And while a close and successful partnership developed at sea from the outset suspicion and rivalry underlay the wider relationship and rapidly resurfaced once the guns fell silent due in no small part to pronounced Anglophobia at higher levels in the US Navy The papers are divided into nine sections each with its own introduction and cover preliminary discussions before America's declaration of war integration of the two navies activities while staving off defeat by the U boats the gradual development of a harmonious working relationship as America's commitment to the war increased and the last year of the war in which the relationship came to fruition Subsequent sections then deal with more specific topics the submarine war US battleships in European waters the North Sea mine barrier the Mediterranean the Western Atlantic and the Caribbean and finally the naval armistice and the The War at Sea, 1939-1945: The defensive.- v.2. Gill, Sonam Wangmo, 2019-01-01 Buddhism and Sikhism founded by the Lord Buddha and Guru Nanak respectively are both religions of India with a two thousand year gap between the two faiths Tarungpa Tulku in his 1966 article Guru Nanak in Tibet A Buddhist view point wrote that Tibetan Buddhists have a special connection with Sikhism due to the belief that Guru Nanak was a manifestation of Guru Padmasambhava It is with this curiousity that the idea for this book was conceived leading to the discovery of an astonishing number of similarities between the two spiritual traditions This comparative study the first major attempt of its kind scoured the entire Sikh Scripture Shri Guru Granth Sahib and found numerous parallels with the Buddhist Canon especially Pali ranging from the life stories of the founding fathers of the two faiths their social agenda and core tenets to articles of faith including religious symbolism It is hoped that this research can in some way help to blur the divisions between religious labels and bring out pure spirituality devoid of fixation on religious externalities which leads to much dissent especially in this degenerate ere While acknowledging the rich diversity and uniqueness of each spiritual tradition this book eventually comes to the conclusion that spirituality transcends religious labels We have come to appreciate that although the externalities of religion may differ vastly spiritual insights remain universal A Treatise on Insurances Balthazard-Marie Emerigon, 1850
