It's Not the End of the World Jonathan Parks-Ramage, 2025-06-03 From the acclaimed author of Yes Daddy It's Not the End of the World is a terrifying climate thriller a vicious takedown of the uber wealthy and a queer family saga that isn't afraid to punch back It's 2044 and life is bleak for many Americans but not for Mason Daunt Safe in his Los Angeles mansion Mason can remain blissfully unaware of the relentless wildfires engulfing California the proliferation of violent right wing militias and the rampant authoritarianism destroying American society He's so rich in fact that he and his partner Yunho Kim are throwing a 100 person 100 000 baby shower to celebrate their newborn on the way When a potentially apocalyptic event hits Los Angeles on the day of their celebration though the wealthy gay couple refuses to cancel their party Surely it's not the end of the world But as Mason runs a few last minute errands a staggering twist thrusts him into the mounting chaos and threatens the lives of everyone he holds dear Shot through with biting wit brutal gore primal sex and unexpected catharsis It's Not the End of the World is a nerve shredding roller coaster of a novel that will leave readers shocked heartbroken and inspired to question their most firmly held convictions What happens when our current battles with climate change capitalism and white supremacy are pushed to their breaking points And how can we find hope
