

HP StorageWorks VLS and D2D Solutions Guide

Design Guidelines for Virtual Tape Libraries with Deduplication and Replication

This document describes the HP StorageWorks VLS and D2D systems and their concepts, including automigration, deduplication, and replication, to help you define and implement your virtual tape library system. It includes best practices for working with specific backup applications. This document is intended for use by system administrators who are experienced with setting up and managing system backups over a SAN.
