The Car Book 2005 Jack Gillis, 2004 **General Motors: Life Inside the Factory** Richard Thomas Gall, 2011-01-04

This book portrays life inside a General Motors factory in the 1970s Have you ever wondered why or how the lazy hourly workers came to be that way This myth is debunked throughout the book Anyone who has ever worked hourly for General Motors the big three or any large manufacturing company will enjoy the experiences provided in this book They will find themselves reminiscing in the past about their own work experiences Anyone who has had a close relative that worked in a factory will want to read this book to get a feel of what their loved ones went through while earning a living The book comes to the stunning conclusion that General Motors top executives wasted a tremendous amount of human resources over the years They looked down upon the factory workers and treated them as if they were disposable employees They never attempted to tap into the vast and almost incalculable amount of brainpower available because they simply dismissed their classification hourly worker as useless They treated them as if they were the source of all of their problems They never even considered that with four hundred thousand hourly employees they might have had the resources right in front of them to help in solving the vast and complex problems that exist in the every day world of work In todays competitive manufacturing environment Lean Manufacturing has stepped into the forefront for improvement One of the two pillars of Lean manufacturing is respect for the worker If youre an executive leader manager or a student of lean youll want to read this book to see how not to do it One theory of management says that if you dont like what you see around you go look in a mirror first because your workforce is a reflection of your thinking and actions *Ebony* ,2004-05 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Consumers Index to Product Evaluations and Information Sources** ,2004 **Ebony** ,2004-03 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Ebony** ,2004-07 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine **Improving Recapitalization Planning** Ellen Marie Pint, 2008 The U S Army is undergoing a major transformation to ensure that its future capabilities meet the needs of the nation One element of its transformation strategy is the recapitalization RECAP program which entails rebuilding and selectively upgrading 17 systems The program has continuously evolved with ongoing decisionmaking about what types of system modifications will occur and the scale of programs Greater insight into aging effects can facilitate such decisions This report describes regression analyses carried out to assess how vehicle age relates to annual repair costs and availability or conversely downtime for High Mobility Multipurpose Wheeled Vehicles HMMWVs The study found that estimated repair costs and downtime increase with vehicle age with the strength of both effects tapering off slightly for older vehicles The study also found that vehicle usage location

and variant type have significant effects These estimated cost versus age and downtime versus age relationships were embedded in a vehicle replacement model that given assumptions about the cost and effectiveness of RECAP can be used to estimate the timing recommended for RECAP and replacement of HMMWVs The model results indicate that the Army might be able to achieve modest life cycle cost savings by replacing some HMMWV variants at an age lower than the current average fleet age but the savings from RECAP will depend on the program s costs and its effectiveness in reducing future vehicle maintenance costs and downtime
