Indiscretion English Edition:

Discreet Indiscretions Jürg R. Bergmann, Although discourse theory tends to draw upon lofty examples Discreet Indiscretions draws instead on one many consider inconsequential Bergmann treats daily gossip both friendly and malicious as the genre of everyday communication and thereby in need of serious analysis Utilizing discourse theory and ethnomethodology this study shifts among several kinds of terrain the sociology of language the sociology of knowledge and the sociology of culture It rests on widespread individual observations on gossip in the existing literature of social science and on the investigation of real gossip recorded in conversations in the field and reproduced here as transcribed segments By exploring the complex relations of friendship and loyalty with respect to transmitting knowledge about the personal affairs of others he develops his thesis that gossip should be defined not as a control mechanism but rather as the social organization of discreet indiscretions

Thomas Hardy Thomas Hardy, 1992 Included in this edition are ten stories varying in length from sketch to novella which were never collected into volumes during Hardy's lifetime Some contained references to actual people or plot elements that he reused elsewhere others such as his only stories for children were simply too different from his other work in the short story form the longest An Indiscretion in the Life of an Heiress was apparently left uncollected to allow for a possible reconstruction of the lost novel The Poor Man and the Lady from which it was drawn The three final stories resulted from literary collaborations which were also emotional involvements with Florence Henniker in The Spectre of the Real and with Florence Dugdale later the second Mrs Hardy in Blue Jimmy The Horse Stealer and The Unconquerable now published for the first time Although all of these stories occupy significant positions within Hardy's career as a writer of fiction extending that career indeed both earlier and later than the standard account would allow none of them has previously received serious editorial treatment For the most part they have also been ignored or lightly passed over by critics and biographers and such discussion as they have aroused has frequently been based on false assumptions This edition

remedies some of these deficiencies in Hardy scholarship both in its historical introductions and in its critically edited texts which are based on full collations of all editions published before Hardy's death and all surviving manuscripts, typescripts and proofs many of which have gone almost entirely unexamined in the past. Complete lists of the variants in these pre-publication witnesses and in all authorially authorized printings supplement the edited texts. *The Gnostic Jung and the Seven Sermons to the Dead* Stephan A Hoeller, 2012-12-13 Jungian psychology based on a little known treatise he authored in his earlier years. **Experiencing Stravinsky** Robin Maconie, 2013-02-28 Hear the name Igor Stravinsky and the first thing that comes to mind is a composer of ponderous serious music. But did you know that Stravinsky lived much of his life in Hollywood. That he collaborated on musical projects with Pablo Picasso and George Balanchine. That his work subtly espoused deeply held political views and reflected key literary influences. That he was not only interested in the modern communication technologies of his time: sound recording, radio, television, even early computers, but wrote music that echoed their impact. In *Experiencing Stravinsky*, music historian Robin Maconie takes a fresh approach to understanding this great composer's works, explaining what makes Stravinsky's sound unique and what we as listeners need to know in order to appreciate the variety and brilliance of his compositions. *Experiencing Stravinsky* is more than just another work of music appreciation. In the author's deft hands, Stravinsky's long musical career is a guided tour through 20th century history from Czarist Russia and two world wars to the height of the Hollywood era and the birth of the information age. Maconie has provided nothing less than an operating manual to getting the most out of Stravinsky's music. **Register of Prohibited Publications** Ireland. Censorship Board, 1946. *A New Biographical Dictionary ... Second Edition, Corrected* Stephen JONES (Freemason.), 1802. *The Metamorphosis (International Student Edition) (Norton Critical Editions)* Franz Kafka, 2016-04-04 Franz Kafka's 1915 novella of nightmarish transformation became a worldwide classic and remains a century later one of the most widely read works of fiction in the world. This new and acclaimed translation is accompanied by possible inspirations and critical analysis of Gregor Samsa's strange story. This Norton Critical Edition includes Susan Bernofsky's acclaimed new translation along with her Translator's Note, Introductory materials and explanatory footnotes by Mark M Anderson. Three illustrations. Related texts by Kafka, Leopold von Sacher-Masoch, Friedrich Nietzsche and Rainer Maria Rilke among others. Eight critical essays by G nther Anders, Walter H Sokel, Nina Pelikan Straus, Mark M Anderson, Elizabeth Boa, Carolin Duttlinger, K ri Driscoll and Dan Miron. A Chronology and a Selected Bibliography. **The Publishers' Circular** Sampson Low, 1866. *The Publishers' Circular and General Record of British and Foreign Literature*, 1866. *Some Observations and Remarks on a Late Publication* Joseph Price, 1782. *A Dictionary of the English Language* Samuel Johnson, 1827. *Radical Apophysis* Todd Ohara, 2020-08-17 This book exhibits the richness and sophistication of Plotinian and Dionysian apophatic theologies by explicating their respective internal logics. It articulates the unique metaphysical status and explanatory role that the One and God respectively play in Plotinus's and Dionysius's reflections, showing the way in which apophysis is generated and

sustained by the metaphysical explanatory lines of thought in which the One Plotinus and God Dionysius function as the ultimate unconditioned source of everything else In the context of explanation negation serves to convey the incomparable reality of the One or of God as beyond being However the metaphysical and explanatory lines of thought are themselves situated within the broader context of the soul's ascent to mystical union with the One or with God From this broader perspective the discursive practice of negation constitutes the basis of preparing the soul for mystical union Preparation for mystical union involves the cognitive and trans cognitive practice of negation which enables the soul to progress towards and become united with the One or God This study is motivated by the desire to more deeply understand apophasis as deployed in different philosophical theological and religious contexts including the work of contemporary thinkers such as Jean Luc Marion

Michel Foucault Rudi Visker, 1995-07-17 The reception of Michel Foucault's work has often been divided between two unsatisfactory alternatives On the one hand there are those who admire the detail of his concrete analysis but wonder how the political and ethical commitments they seem to rely on can be justified On the other there are those who deny the need for normative foundations but also find it difficult to explain what makes Foucault's archaeologies and genealogies critical Rudi Visker's book is not only a lucid and elegant survey of Foucault's corpus from his early work on madness to the *History of Sexuality* but also a major intervention in this debate Reading Foucault against the Heideggerian backdrop to his work Visker shows that Foucault's target is not order as such but rather the production of ordering systems which cannot acknowledge their own conditions of possibility Exploring along the way such intriguing issues as the ambivalence of Foucault's concepts of truth and power and his philosophically provocative use of quotation marks Visker portrays Foucault as neither relativist nor positivist neither activist nor detached observer Instead Foucault emerges as the inventor of a new analysis of our modern mechanisms of control and exclusion precisely of genealogy as critique

Poets, Players, and Preachers Anne James, 2016-08-12 On the night of November 4th 1605 the English authorities uncovered an alleged plot by a group of discontented Catholics to blow up the Houses of Parliament with the lords princes queen and king in attendance The failure of the plot is celebrated to this day and is known as Guy Fawkes Day In *Poets, Players, and Preachers* Anne James explores the literary responses to the discovery of the Gunpowder Plot in poetry drama and sermons This book is the first full length study of the literary repercussions of the conspiracy By analyzing the genres of poems plays and sermons produced between 1605 and 1688 the author argues that not only did the continuous reinterpretation of the conspiracy serve religious and political purposes but that such literary reinterpretations produced generic changes

Is Shylock Jewish? Sara Coodin, 2017-05-18 What happens when we consider Shakespeare's *The Merchant of Venice* as a play with real Jewish characters who are not mere ciphers for anti Semitic Elizabethan stereotypes Is Shylock Jewish studies Shakespeare's extensive use of stories from the Hebrew Bible in *The Merchant of Venice* and argues that Shylock and his daughter Jessica

draw on recognizably Jewish ways of engaging with those narratives throughout the play By examining the legacy of Jewish exegesis and cultural lore surrounding these biblical episodes this book traces the complexity and richness of Merchant s Jewish aspect spanning encounters with Jews and the Hebrew Bible in the early modern world as well as modern adaptations of Shakespeare s play on the Yiddish stage
