But they turned out rather well for a first try. He gave them abs and other parts to stir the women's hearts. Plus charming smiles and captivating eyes. There was a problem with the brain that I think I should explain. For it tells us why men sometimes seem so dense. Their egos took up so much room that we simply can assume there was hardly any space left for their sense. But women caught a break as God had learned from His mistake. That's why men are nines and women are all tens. For He kept our egos small which made room to install all the extra sense left over from the men. Without our sense, this world would be fast cars and sports TV. We'd push and shove and cuss and spit and scratch. There'd be no ribbons and no flowers, no children's story hours. And the earth would soon be littered up with trash. Veggie trays would disappear to be replaced with chips and beer. And things like vacuums, mops and brooms would all be gone. We'd start each meal with a dessert and end each sentence with a burp. No one would kiss the hurts or point out right from wrong. We'd have toilets without

seats a liquor store on every street Our kids would not be taught to say Yes sir or No ma am So when that ceiling finally shatters when we ve shown the world we matter We must celebrate the sense of a woman Yes we re weak yet we are strong not always right not often wrong We re each unique but have so many things in common We stay composed when we re intense you ll never find us on the fence Because we re blessed with the sense of a woman Rue Doolin *I Shawn* Denise Hengeli,2017-08-29 The novella *I Shawn* follows the path a young man gripped by the economic depression experienced during 1938 combined with the catastrophe caused by a hurricane that devastated areas in New York in 1938 This young man became head of a family of eight children when his father got wounded in the midst of the hurricane To assist our nations climb out of the economic depression President Roosevelt instituted a work program for young unemployed men who not only earned money but obtained training that would help them after they were members of the Civilian Conservation Corps for two years It is not a biography but rather a fictional story **World-wide workforce III** Sander Schroevers,Riana Schreuders-Van den Bergh,2015-05-15 This third issue in the World wide workforce series provides you with a comprehensive analysis of recruiting practices in Australia Austria Chile Costa Rica France Hong Kong Ireland Japan Mexico Spain and Sweden This book shows how domestic recruiting conventions often differ significantly from those in other countries Comparative desk research focus interviews with and online polling of HRM professionals in the mentioned countries made us realise how much cultural factors can affect job search strategies across the globe World wide workforce provides an easy to use reference for those aiming at a cross border career or those interested in international HRM issues
