Journey Of The Angels The Tobias Materials:

Journey of the Angels Geoffrey Hoppe, Linda Hoppe, 2013-05-01 Tobias is the entity who first appeared to Geoffrey Hoppe on an airplane in 1997 Tobias is an angelic being who has lived many lifetimes on Earth and came back through the angelic realms for what he calls the biggest evolution of consciousness humanity has ever experienced He lovingly assists those who are going through spiritual transformations seeking to integrate their divinity with their humanity and rediscovering the God within His spiritual and inspirational messages have been delivered through Geoffrey and Linda Hoppe for many years Journey of the Angels is an allegory told by Tobias through the Hoppes his most powerful and positive statement yet The key to spiritual transformation lies in the absolute surrender to the love of self and in the total acceptance of everything we have chosen to experience in the density of this third dimensional realm Ascension occurred in the moment when I said I Am That I Am and I love everything about myself without shame without guilt without reservation without ifs ands or buts Ascension occurred when I surrendered into who I actually am rather than to the aspects I had created trying to pretend I was something else Ascension occurred when I knew within my heart that I am I always was and I always will be We came to forget to remember and finally to know That s who we are why we are here that is the path we have chosen and our purpose for choosing Tobias

Act of Consciousness Adamus Saint-Germain, Linda Benyo Hoppe, Geoffrey Hoppe, 2015-03-20 Life is an act We act like humans and therefore we experience like humans with a litany of limitations shortcomings and drama that mask our underlying angelic consciousness It s an unnatural act that we have come to accept as reality In Act of Consciousness Ascended Master Adamus Saint Germain begins by explaining the metaphysics of energy He defines the difference between consciousness and energy and makes the clear point that we are beings of consciousness not energy and that the passion of our pure

consciousness attracts energy from the unified field to manifest our reality Adamus defines the four primary levels of energy including Core soul Crystalline Cosmic and Earth while educating the reader about how the various levels are used by our consciousness to manifest our stage of life Adamus implores the reader to act like a Master rather than acting like a less than perfect human This act will literally change the type of energy being attracted into the reader s life and therefore change the reality theatre one exists within Some readers will question this approach saying It s not real because it s just an act to which Adamus will reply But everything in your life is just an act so why not act like a prosperous healthy and wise Master This will change the theatre of your life but the real question is Are you really ready for a substantial change or are you just trying to tidy up your current stage It s a remarkably simple and effective approach to an otherwise mental and laborious process of becoming your full potential Act of Consciousness will make you laugh make you angry and make you question your old beliefs about how reality is created and experienced By the time you read Saint Germain s last words you will cry a few tears of joy and relief to know that life is as easy as an Act of Consciousness Saint Germain had many notable past lives including that of William Shakespeare and Mark Twain Samuel Clemens These lifetimes gave him an appreciation for the theatre acting and story telling Book length Approximately 30 000 words **Flowers** Alan Tong,2016-06-08 Who am I Where am I going What is the nature of my reality Philosophy is a tool for your own awakening the profound transformation of awareness beyond the human mind Flowers Philosophy for New Consciousness is a short text on consciousness nature and the context of the human experience This illustrated book explores the themes of spirituality masculinity and femininity human identity love and sex religion and our relationship with the transcendent Written in an aphoristic style Flowers is a book of investigations and observations for human beings who are beginning to blossom into their divinity **Memoirs of a Master** Geoffrey Hoppe,Adamus Saint-Germain,2016-11-17 Memoirs of a Master is a book of short stories told by Adamus Saint Germain as part of his lectures to audiences around the world The stories are based on or inspired by actual experiences and are designed to help you see yourself as both the Master and the student The student in each memoir is generally a compilation of many people and the stories take place in contemporary life The Master can be perceived as Adamus or any other enlightened teacher but ultimately it is you The stories are based on some of the more complex teachings of Adamus Saint Germain By putting this sacred information into story form it becomes more personal more understandable and perhaps more entertaining And woven into each story you will find profound insights and many layers of wisdom Memoirs of a Master is dedicated to the Master and the student within each of us **Tobit** Beate Ego,2025-07-16 This commentary sets the ancient Jewish story of Tobit within a broad tradition historical context analyzing the conceptions of angels and demons it contains as well as its notions of ancient medicine together with its understanding of the Torah Presented along with this is a synchronically oriented interpretation of the whole text which shows that the narrative should ultimately be understood in terms of historical theology It reveals how in the days of Hellenistic rule ancient Judaism was able to cope with the threat

from the aggressive politics of the empires Within this context the elderly Tobit's hymn of praise at the end of the narrative in Tob 13 opens a vista of hope for its addressees

The Revelations of St. Birgitta of Sweden Bridget Morris, 2008-10-07 St Birgitta of Sweden 1303-73 canonized 1391 was one of the most charismatic and influential visionaries of the later Middle Ages Altogether she received some seven hundred revelations dealing with subjects ranging from meditations on the human condition domestic affairs in Sweden and ecclesiastical matters in Rome to revelations in praise of the Incarnation and devotion to the Virgin Her Revelations collected and ordered by her confessors circulated widely throughout Europe and long after her death Many eminent individuals including Cardinal Juan Torquemada Jean Gerson and Martin Luther read and commented on her writings which influenced the spiritual lives of countless individuals Birgitta was also the founder of a new monastic order which still exists today She is the patron saint of Sweden and in 2000 was declared with Catherine of Siena and Edith Stein co patroness of Europe Birgitta

s Revelations present her as a commanding and dauntless visionary who develops a contemplative mysticism that is always interwoven with social engagement and a commitment to the salvation of the world The varied styles of her revelations are dominated by frequent juxtapositions of memorable images and allegories that illustrate her fierce and fertile imagination her sharp powers of observation and understanding and her passionate and receptive storytelling powers This is the second of four volumes and it contains Book IV and Book V of the Revelations Book IV includes some of Birgitta s most influential visions with topics ranging from the Avignon papacy and purgatory to the Hundred Years War Book V the Liber Quaestionum Book of Questions takes the form of a learned dialogue between Christ and a monk standing on a ladder fixed between heaven and earth The argument centers on the way in which God s providence is constantly misunderstood and rejected by self centered human beings The translation is based on the recently completed critical edition of the Latin text and promises to be the standard English translation of the Revelations for years to come

The Jewish Roots of Christological Monotheism Newman,James Davila,Lewis,2021-10-25 Although there are many studies of second Temple Judaism in general and of Christianity s relationship with Judaism in particular there has not been a sustained and comprehensive investigation of the way in which Christ devotion in the first two centuries of the common era represents a manifestation of Jewish monotheism This volume fills this gap in four distinctive ways 1 by re examining the theological force of monotheism during the Second Temple period 2 by retracing the historical steps of Christianity s adaptation mutation re definition of Jewish monotheism 3 by exploring and debating the influence of non Jewish traditions on this process and 4 by mapping the ways in

which Christianity's unique appropriation of Jewish monotheism helps explain the intriguing relationships among emerging Christian Jewish and Gnostic communities In particular the eighteen essays demonstrate how the creation mythic of narratives the revelatory power of mystical experiences and the sociology of community formation capitalized on the Jewish meditational tradition to encourage and legitimate the Christian praxis of Christ devotion **Ultimate Six Catholic**
