Vanesio,2024-11-14 Archives and Emotions argues at its most fundamental level that emotions matter and have always mattered to both the people whose histories are documented by archives and to those working with the documents these contain This is the first study to put archivists and historians scholars and practitioners from different settings geographical provenance and stages of career in conversation with one another to examine the interplay of a broad range of emotions and archives traditional and digital from the eighteenth to the twenty first centuries across national and disciplinary borders Drawing on methodologies from the history of emotions and critical archival studies this book provides an original analysis of two interconnected themes through a selected number of case studies the emotional dynamics affecting the construction and management of archives and the emotions and their effects on the people engaging with them such as archivists researchers and a broad range of communities Its main message is that critically investigating the history and mechanics of emotions including their suppression and exclusion also being conscious of their effects on people and societies is essential to understanding how archives came to hold deep civic and ethical implications for both present and future This study thus establishes a solid base for future scholarship and interdisciplinary collaborations and challenges academic and non academic readers to think work and train new generations differently fully aware that past and present choices have and might again hurt inspire empower or silence Documents Maçonniques, recueillis et annotés pa F. Littérature et engagements en Belgique francophone Lisbeth Verstraete-Hansen, 2006 En Belgique francophone les décennies d'après guerre voient plusieurs groupes de crivains relayer le débat sur le devoir d'engagement qui traverse les milieux intellectuels en France Quels sont les choix défendus par les crivains belges Et qu'est-ce qui explique le silence qui dans l'historiographie littéraire actuelle entoure ces auteurs et ces œuvres Deux figures de crivains se détachent Charles Paron et David Scheinert qui dans l'immédiat après guerre franchissent la porte des maisons d'édition parisiennes C'est cependant partir du champ littéraire belge dans la revue politico-culturelle Les Aubes 1953-1957 que les deux auteurs formulent un projet littéraire progressiste où se confondent ouverture internationale et souci des traditions culturelles nationales L'auteure analyse en plus de ce projet le parcours littéraire des deux auteurs et propose une réévaluation de quelques œuvres marquantes Cet ouvrage nourri de l'apport des modèles sociologiques l'histoire littéraire cherche donc à mettre en lumière les enjeux des conceptions littéraires rivales qui opposent crivains communistes socialistes et compagnons de route De ces affrontements on verra se dessiner des convergences et des divergences des alliances et des ruptures mais aussi au sein du champ littéraire belge une véritable composante progressiste qui n'avait jamais existé en tant que telle
