The Smithsonian's History of America in 101 Objects Deluxe Richard Kurin, 2013-10-29 A magnificent new history of America told through 101 treasures from the Smithsonian's collections The

Deluxe Edition features eight videos that go behind the scenes at the Smithsonian for a closer look at some of the book's most important objects hosted by author and curator Richard Kurin. The Smithsonian Institution is America's largest and most cherished repository for the objects that define our common heritage. Richard Kurin, its Under Secretary for History, Art, and Culture, has for decades served as a driving force in the effort of our national museums to tell America's whole story. This book is the culmination of a broad effort led by Kurin and involving all the Smithsonian's museums and more than a hundred of its top scholars and curators to select a set of objects that could collectively represent the American experience. Strong deliberation honed literally millions of possibilities down to a careful selection of 101 remarkable objects that do justice to the history of our bountiful land and its people. That history begins with remains from the earliest years of the pre-Columbian continent and relics of the American Revolution and Civil War. It includes the inventions of the industrial revolution, artifacts of the Depression, World War II, and cold war eras, icons of pop culture, and of the Civil Rights movements, as well as the objects that now symbolize the digital age and the first years of the new millennium. Each entry pairs the fascinating history of each object with the place it has come to occupy in our national memory. Kurin sheds new light on familiar objects like the Star Spangled Banner and Abraham Lincoln's stovepipe hat, Dorothy's ruby slippers, and Julia Child's kitchen, the giant pandas, and the space shuttle Discovery, including the often astonishing tales of how each made its way into the Smithsonian. Other objects like the suffragists' Great Demand banner and the Tuskegee flyer will be eye-opening new discoveries for many, but no less evocative of the most poignant and important moments of American history. Others like Sitting Bull's ledger, Cesar Chavez's union jacket, and the Enola Gay bomber illustrate difficult chapters in the nation's history. Kurin also includes behind-the-scenes insight into controversies arising from their exhibition at the Smithsonian. In Kurin's hands, these marvelous objects come to vivid life, awakening a deep and tactile connection with our nation's history. A beautiful treasure in its own right, *The Smithsonian's History of America in 101 Objects* is an incomparable journey through America's collective memory and a celebration of the resilient power of objects to illustrate who we are as a people.

Slow Cookers for Dummies® (Volume 1 of 2) (EasyRead Super Large 24pt Edition) , *Slow Cookers for Dummies® (Volume 1 of 2) (EasyRead Super Large 20pt Edition)* , **Cultural Citizenship** Toby Miller, 2007 What does it mean to be a citizen today in an age of unbridled consumerism, terrorism, militarism, and multinationalism? In this passionate and dazzling book, Toby Miller dares to answer this question with the depth of thought it deserves. Fast-moving and far-ranging, *Cultural Citizenship* blends fact, theory, observation, and speculation in a way that continually startles and engages the reader. Although he is unabashedly liberal in his politics, Miller is anything but narrow-minded. He looks at media coverage of September 11th and the Iraq invasion, as well as infotainment such as Food

and Weather channels to see how U S TV is serving its citizens as part of the global commodity chain Repeatedly revealing the crushing grip of the invisible hand of television Miller shows us what we have given up in our drive to acquire and to belong For far too long cultural citizenship has been a concept invoked without content With the publication of this book it has at last been given flesh and substance
