Kahramaa Water Network Design Guidelines:

Sustainability Perspectives: Science, Policy and Practice Peter A. Khaiter, Marina G. Erechtkhoukova, 2019-10-15

The book presents methodological and applied aspects of sustainability and sustainable management from different countries and regions around the globe. It discusses approaches to sustainability assessment, demonstrates how ideas of sustainability and sustainable management are incorporated into public policies and private actions at local and national levels. Authors focus on promoting greater sustainability in natural resource management, energy production and storage, housing design, industrial reorganization, coastal planning, land use and business strategy, including sustainability indicators, environmental damages and theoretical frameworks. Chapters reflect environmental, economic and social issues in sustainable development, challenges encountered and lessons learned, as well as solutions proposed.
