Ololade, Xihui Haviour Chen, Victor Chang, 2024-09-09 This book addresses a significant research gap by delving into the Finance Business Partnering FBP model within the not for profit sector of the Gulf countries with a specific emphasis on Qatar Foundation While an extensive body of literature explores the FBP model in developed nations there exists a notable dearth of research in the Middle East and third world countries The book aims to rectify this imbalance by offering practical insights derived from Qatar Foundation showcasing the advantages of adopting the FBP model It goes beyond theoretical frameworks presenting in depth data analysis that substantiates the pivotal role of FBPs in supporting effective decision making processes By delving into essential concepts such as change management contingency theory and organizational culture the book provides a comprehensive understanding of the factors influencing the successful adoption and implementation of the FBP model Notably it introduces practical examples and real world applications to underscore the model s efficacy making it a valuable resource for both scholars and practitioners in the fields of management and financial accounting **Business Model Management** Bernd W. Wirtz, 2020-09-30 How are business models purposeful designed and structured How can the models be implemented professionally and managed successfully and sustainably In what ways can existing business models be adapted to the constantly changing conditions In this clearly structured reference work Bernd W Wirtz gives an answer to all these issues and provides the reader with helpful guidance Although Business Model Management is first and foremost a scientific reference book which comprehensively addresses the theory of business models with his book Bernd W Wirtz also turns to practitioners Not least the many clearly analyzed case studies of companies in different industries contribute to this practical relevance My conclusion Business Model Management is an informative and worthwhile read both for students of business administration as a textbook as well as for experienced strategists and decision makers in the company as a fact rich practical compendium Matthias M ller Chief Executive Officer Porsche AG 2010 2015 Chief Executive Officer 2015 2018 Volkswagen AG In dynamic and complex markets a well thought out business model can be a critical factor for the success of a company Bernd Wirtz vividly conveys how business models can be employed for strategic competition and success analysis He structures and explains the major theoretical approaches in the literature and practical solutions in an easy and understandable way Numerous examples from business practice highlight the importance of business models in the context of strategic management The book has the potential to become a benchmark on the topic business models in the German speaking world Hermann Josef Lamberti Member of the Board Deutsche Bank AG 1999 2012 Member of the Board of Directors Airbus Group The business environment has become increasingly complex Due to changing conditions the executive board of a company is confronted with growing challenges and increasing uncertainty Thus a holistic understanding of the corporate production and performance systems is becoming

more and more important At this point Bernd W Wirtz introduces and presents the concept of the structured discussion of the own business model Business models present operational service processes in aggregated form This holistic approach channels the attention of management supports a sound understanding of relationships and facilitates the adaption of the business to changing conditions The management of business models is thus an integrated management concept Through the conceptual presentation of complex issues the author makes a valuable contribution to the current literature In particular the referenced case studies from various industries make the book clear and very applicable to practice Dr Lothar Steinebach
