Management Megatrends, 2010 Papers presented at the International Conference on Management of Emerging Paradigm Conflicts in a Globalizing World held at Bangalore in 2010 *Weaker Section Finance in India (Role of Public Sector Banks)* Dr. Ramchandra Patil, 2019-02-16 It has been the Endeavour of each state to fulfill the basic needs of its citizens which are primarily food clothing and shelter If the governments fail to fulfill these needs for the welfare of their citizens according to the principles of justice they are not legitimate Food takes the priority over all the other needs Which implies that agricultural sector gets top most priority In India there are thousands of marginal farmers who struggle to make both ends meet Along with agriculture sector there are other sectors which play an important role to uplift the poor people As a financial coverage banking sector in India treat Agriculture Small Scale Industry and other sectors of prime importance from the socio economic development point of the nation as a priority sectors and allot substantial portion of their lending to these sectors

Jammu & Kashmir Bilal Ahmad Khan, 2022-03-25 The book presents a comprehensive treatment of

unemployment and economic problems in Jammu Kashmir Kashmir being a conflict ridden zone has far less opportunities for employment than rest of the other states With an underdeveloped industrial sector and the inability of government to create enough jobs there seems to be no immediate solution Lack of avenues to engage the youth in meaningful ways result in making miscreants out of many of them Young populations across the world are generally seen as drivers of socio economic growth but in Kashmir the youth bulge is a problem Unemployed youths destabilize the economy by being used to create mayhem by the anti social elements in the region Underdevelopment and unemployment in Jammu Kashmir is the manifestation of a mismatch between physical and human resources This exists when a large segment of the working age population does not possess the appropriate skills and knowledge to be gainfully employed In addition lackadaisical and imprudent policies pursued by subsequent governments are the major challenge A radical shift in its policies especially in the education sector is an absolute prerequisite for the birth of a capable workforce The remedy lies in revamping the education sector by crafting appropriate policies for suitable skills in line with the socio economic requirements of the society The book argues the government must think about a long term plan for unemployed youth and devise a policy to channel the youth bulge constructively **The Bihar & Orissa Gazette** ,1913 *The Environmental Divide* R.
