Dickerson,2020-08-24 This book is written for the sole purpose of showing people the signs of the times the end times It began as a documentation of the things that Jesus himself has shown and explained to the author The author didn t want to forget these things so right after the visitations he would get up and go to his computer to write these things down He would do so while he could remember every little detail Some of the things in this book would come to pass weeks after he was shown them and some are still being revealed to him today some twenty five years later This project is not done for book sales or mammon no that is not the Father s purpose The author s purpose is to scream from the roof top to announce his coming to try to get the attention of mankind to warn them To warn them to fear God and to turn to him as He will then turn to them Yes people have been predicting the Father s coming for years claiming earthquakes wars and rumors of wars All these things are true Instead of thirty five volcanos erupting a year thirty five volcanos erupt a day The last of the four world powers Rome has to rise again and even more importantly he said learn the parable of the fig tree These are two unmistakable signs of the times that cannot be duplicated The tribulation period is upon us If you know how to search the heavens you will find wormwood at our doorstep In this book there are pictures of a system of planets that are in our skies today that he believes accompanies Wormwood He would not mislead doctor any pictures for the sake of mammon Jesus said during the end of days man is going to experience a great deception *The End Times, Again?* Martyn Whittock,2021-10-15 From the Middle Eastern politics of Donald Trump to the UK s 2016 EU Referendum large numbers of Christians are making decisions based on the alleged end times aspects of modern politics Such apocalyptic views often operate beneath the radar of much Christian thought and expression In this book historian Martyn Whittock argues that while the New Testament does indeed teach the second coming of Christ complications occur when Christians seek to confidently identify contemporary events as fulfilments of prophecy Such believers are usually unaware that they stand in a long line of such well intended but failed predictions In this book Whittock explores the history of end times speculations over two thousand years revealing how these often reflect the ideologies and outlooks of contemporary society in their application of Scripture When Christians ignore such past mistakes they are in danger of repeating them Jesus Whittock argues taught a different way
