Endgame A Jack Sigler Chess Team Universe Guidebook:

Endgame Jeremy Robinson, Kane Gilmour, 2015 This guidebook provides detailed summaries of the previous full length novels character biographies a roster of villainous threats and descriptions of devious creatures that have all appeared over the course of the series This book also contains twenty original illustrations from the main characters by Christian Guldager as well as a section of eye witness sketches of creatures and events by Jeremy Robinson and fans of the series Item reveals aftermath of the new novel Cannibal

Dvoretsky's Endgame Manual: Fourth Edition Mark Dvoretsky, 2020-12-17 The Fourth Edition of a Modern Classic When you are serious about improving your endgame skills it is time for Dvoretsky's Endgame Manual Perhaps the best known and most respected instructor of world class chessplayers Mark Dvoretsky has produced a comprehensive work on the endgame that will reward players of all strengths For those ready to immerse themselves in endgame theory there may be no better manual available today But even if you do not play at master level the book has been designed to help your endgame too Basic theories and must know concepts are highlighted in blue You may skip the more complex analysis focus on the text in blue and still improve your endgame technique When it appeared in 2003 the first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised Fourth Edition is better than ever I am sure that those who study this work carefully will not only play the endgame better but overall their play will improve One of the secrets of the Russian chess school is now before you dear reader From the Foreword to the First Edition by Grandmaster Artur Yusupov Going through this book will certainly improve your endgame knowledge but just as important it will also greatly improve your ability to calculate variations What really impresses me is the deep level of analysis in the book All I can say is This is a great book I hope it will bring you as much pleasure as it has me From the Preface to the First Edition by International Grandmaster Jacob Aagaard Here's what they had to say about the First Edition Dvoretsky's Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post

Manual of the End-game Jacques Mieses, 1947

Dvoretsky's Endgame Manual: Fifth Edition Mark Dvoretsky, 2020-06-08 The Fifth Edition of a Modern Masterpiece When it appeared in 2003 the first edition of Dvoretsky's Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised fifth edition is better than ever Here is what Vladimir Kramnik the 14th World Champion had to say in his foreword to the fifth edition I consider Dvoretsky's Endgame Manual an absolute must for every chess professional and no less important even for a club player I always recommend this book I consider it to be one of the very best chess books published in recent times and I am very pleased with the new enhanced edition German grandmaster Karsten Müller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the fifth edition with the help of American grandmaster Alex Fishbein The incredible

instructional value of the exercises has been preserved and the blue text used in the first four editions has been replaced with text with a light grey background Here s what they had to say about the first edition Dvoretsky s Endgame Manual may well be the chess book of the year It comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his chess column of December 1 2003 in the Washington Post Dvoretsky s Endgame Manual is quite simply a masterpiece of research and insight Most of all Dvoretsky s analysis is staggering in its depth and accuracy John Watson at The Week In Chess 2003 Book of the Year Jeremy Silman com 2003 Book of the Year Seagaard Chess Reviews **Dvoretsky's Endgame Manual** Mark Izrailevič Dvoretskii, 2008 A modern classic The first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame This second edition is revised and enlarged now over 400 pages covering al *Dvoretsky's Endgame Manual* Mark Dvoretsky, 2020-08 When it appeared in 2003 the first edition of Dvoretsky s Endgame Manual was immediately recognized by novice and master alike as one of the best books ever published on the endgame **Mastering the Endgame** Glenn Flear, 2001 This book enables keen students to improve their understanding of the endgame It develops themes originally discussed in Improve Your Endgame Play **Analysing the Endgame** Jon Speelman, 1981 *Dvoretsky's Endgame Manual* Mark Dvoretsky, 2021-09-15 The FastTrack to Endgame Expertise Since it first appeared in 2003 Dvoretsky s Endgame Manual has been acclaimed as the best single volume ever written on the endgame With staggering depth and accuracy it clearly reveals the secrets of this most important stage of the game One of the unique characteristics of the Endgame Manual has been the highlighting of text considered to be essential to the understanding of endgame theory The late great trainer Mark Dvoretsky carefully selected the text to be highlighted so that players at all levels could benefit from this monumental work Now in its fifth edition the 440 page manual may seem somewhat intimidating to some readers With that in mind German grandmaster Karsten Müller and American grandmaster Alex Fishbein both recognized endgame experts in their own right have collected the highlighted text from the fifth edition and presented it so that the core concepts might be more readily available The result is Dvoretsky s Endgame Manual FastTrack Edition As noted by Australian grandmaster Ian Rogers in his foreword I am very pleased that Dvoretsky s Endgame Manual FastTrack Edition has come along It is eminently suitable to sit in an amateur player s library as their only endgame book and equally good at preparing a serious student for many other fine endgame books not forgetting of course the storied father of this volume Dvoretsky s Endgame Manual If you are serious about studying endgames have a limited amount of time or are simply looking for a convenient way to improve your play in endgames the FastTrack Edition may just be the book you have been looking for *Practical Endgame Play - Beyond the Basics* Glenn Flear, 2007 Here at long last we have it A new type of endgame book A book which explains how to handle those positions that frequently occur in practical play but curiously are hardly ever the subject of theoretical works Most endgame books rely upon recycling established theory on basic positions or concentrate on fantastical studies This one is different Well known

Grandmaster and endgame expert Glenn Flear examines in depth all endgames which feature either two pieces for each side or two pieces against one Why is this an important subject Because these situations arise surprisingly frequently in practical play For example an examination of any big database will reveal that the endgame of rook and minor piece versus rook and minor piece arises in nearly 20% of games That means that if you open with 1 e4 you are more likely to reach one of these endgames than you are to face the French Defence And overall every time you sit down to play a game of chess there is nearly a 50% chance that you will reach one of the endgames covered in this book If you can handle such endgames well your results will inevitably improve This book will show you how The Russian Endgame Handbook Il'iā Abramovich
