The Sublimity of Document Scott MacDonald, 2019-07-01 The Sublimity of Document Cinema as Diorama is a collection of in depth substantive interviews with moving image artists working avant doc that is making films that explore the territory between documentary and experimental cinema The book uses the early history of the museum habitat diorama of animal life specifically the Hall of African Mammals at the American Museum of Natural History as a way of rethinking both early and modern cinema document and especially those recent filmmakers and films that are devoted to providing viewers with panoramic documentations of places and events that otherwise they might never have opportunities to experience in person This international collection of 27 interviews follows on MacDonald's earlier Avant Doc Intersections of Documentary and Avant Garde Cinema Oxford 2015 The interviews organized panoramically within the collection are dense with information and insight and readable by specialists and non specialists alike In most instances these are the most in depth and expansive sometimes the first interviews with these filmmakers Together these interviews offer an engaging panorama of the recent history and geography of cinema devoted to documenting the world around us as well as an in depth look at the challenges

and accomplishments of filmmakers willing to go anywhere on the planet or on the internet to document what they believe we need to see MacDonald's general introduction provides an overall context for the collection which includes interviews with Ron Fricke Gustav Deutsch Laura Poitras Fred Wiseman Nikolaus Geyrhalter Bill Morrison Brett Story Abbas Kiarostami Lois Pati o Dominic Gagnon Erin Espelie Yance Ford Janet Biggs Carlos Adriano Craig Johnson Ben Russell Betzy Bromberg James Benning Maxim Pozdorovkin along with several veterans of Harvard's Sensory Ethnography Lab and with the executive directors of the distributor Documentary Educational Resources which has served the field of independent documentary for nearly fifty years each interview is introduced with MacDonald's overview of the interviewee's life and work The book includes filmographies and selected bibliographies for all the filmmakers Care of Military Service Members, Veterans, and Their Families Stephen J. Cozza, Matthew N. Goldenberg, Robert J. Ursano, 2014-01-23 Care of Military Service Members Veterans and Their Families serves a critical need which has been highlighted by recent reported rates of combat related stress disorders and traumatic brain injury as well as increases in suicide rates among service members and veterans over the past decade and the distress and challenges faced by their children and families More than 2.5 million Americans currently serve in the U.S. military on active duty in the Reserves or in the National Guard and more than 20 million civilians are veterans Although patients are viewed here in the context of military service they seek health care in military veteran and civilian settings and their mental health concerns are as diverse as those encountered in the civilian population This book is designed for clinicians in all care settings and provides thorough coverage of U.S. military structures and cultures across the armed services as well as detailed material on the particular mental health challenges faced by service members and their families A full overview of the military lifestyle is provided including the life cycle of the military recruitment to retirement service subcultures Navy Army Marines Air Force and Reserve and Guard components challenges of military life for service members and families moves deployments etc and military mental health Material on military culture provides insight for practitioners who may not be familiar with this population The book focuses on collaborative care particularly between the military health care system and the Veterans Administration providing clinicians with strategies to mitigate stigma and other barriers to care through mental health service delivery in primary care settings The incidence of traumatic brain injury among service members has increased because of the use of improvised explosive devices and an entire chapter is devoted to diagnosing and treating these injuries as well as educating patients and their families on the condition The families of service members face significant challenges and several chapters are devoted to the needs of military children the families of ill and injured service members and veterans deployment related care and caring for the bereaved The book's comprehensive review of resources available to military service members veterans and families both ensures high quality care and reduces the workload for treating physicians Care of Military Service Members Veterans and Their Families is an authoritative and much needed addition to the mental health literature
