Accounting Carl S. Warren, James M. Reeve, Philip E. Fess, 2002 Warren Reeve and Fess deliver again The most successful accounting books of all time keep getting better In keeping with the many changes that are occurring in the accounting field these books will make the connection between accounting and the larger issues of business Business concepts are presented in such a way as to introduce the reader to the business contexts in which accounting functions      **Technical Skills for Adventure Programming** Mark Wagstaff, 2009 This curriculum guide will improve your knowledge and technical instruction skills in land water and snow and ice sports and activities It will guide you in becoming a skilled adventure instructor in the classroom and in the field The CD ROM has printable lesson plans for each unit that make it easy to print only what you will need in the field book cover      **Meriwether Lewis** Kira Gale, 2015-07-01 This new full length biography of Meriwether Lewis is presented within the context of the turbulent times of the early American Republic The author discusses intrigues to seize the Floridas and Louisiana from Spain with the help of France or Britain and makes the case for General James Wilkinson assassinating General Anthony Wayne to become the commanding general of the U S Army She proposes that the deadlock in the presidential election of 1800 between Aaron Burr and Thomas Jefferson was caused by a British faction of Federalists who planned to invade Louisiana and Mexico if Burr were elected president Three parts of the conspiracy are identified a secret military base on the Ohio Cantonment Wilkinsonville where 700 U S Army troops were stationed the Philip Nolan filibuster into Texas and British naval support After Jefferson s election Lewis lived in the White House as his confidential aide In 1803 he left the White House as the leader of an elite army unit to reinforce America s claim to the Pacific Northwest When he returned Jefferson appointed him governor of Louisiana Territory based in St Louis with orders to remove followers of Aaron Burr from positions of power and influence Within two years Meriwether Lewis was dead at the

age of 35 killed by an assassin's bullets in 1809. The case is made that General Wilkinson and John Smith, a wealthy lead mine operator, were the organizers of his assassination. Their motive was to prevent Lewis from stopping another filibuster expedition into Mexico in 1810. This biography of Lewis offers a very different interpretation of his character and achievements, supporting the idea that if he had lived, Lewis was in line to become president of the United States. It presents a detailed account of his activities as a loyal Jefferson supporter, presidential aide, leader of a continental expedition, and governor of Louisiana Territory.

**Red Dead Redemption** John Wills, Esther Wright, 2023-03-30 While the Western was dying a slow death across the cultural landscape, it was blazing back to life as a video game in the early twenty-first century. Rockstar Games' Red Dead franchise, beginning with *Red Dead Revolver* in 2004, has grown into one of the most critically acclaimed video game franchises of the twenty-first century. *Red Dead Redemption: History, Myth, and Violence in the Video Game West* offers a critical interdisciplinary look at this cultural phenomenon at the intersection of game studies and American history. Drawing on game studies, western history, American studies, and cultural studies, the authors train a wide-ranging, deeply informed analytic perspective on the Red Dead franchise from its earliest incarnation to the latest, *Red Dead Redemption 2* (2018). Their intersecting chapters put the series in the context of American history, culture, and contemporary media, with inquiries into issues of authenticity, realism, the meaning of play, and commercial promotion, and the relationship between the game and the wider cultural iterations of the classic Western. The contributors also delve into the role the series development has played in recent debates around working conditions in the gaming industry and gaming culture. In its redeployment and reinvention of the Western's myth and memes, the Red Dead franchise speaks to broader aspects of American culture: the hold of the frontier myth and the Wild West over the popular imagination; the role of gun culture in society; depictions of gender and ethnicity in mass media; and the increasing allure of digital escapism, all of which come in for scrutiny here, making this volume a vital, sweeping, and deeply revealing cultural intervention.
