The Roles of Technology and Globalization in Educational Transformation Adeoye, Blessing F., Arome, Gladys, 2019-08-16

The emergence of the internet and developments in educational software have changed the way teachers teach and the way students learn. There has been a substantial increase in the quantity, quality and diversity of educational material available over the internet or through the use of satellite video and audio linkups. These technologies have allowed new learning methods and techniques to reach a greater geographic region and have contributed to the global transformation of education. *The Roles of Technology and Globalization in Educational Transformation* is an essential academic book that provides comprehensive research on issues concerning the roles of technology and globalization in educational transformation and the challenges of teaching and learning in various cultural settings and how they were resolved. It will support educational organizations that wish to find, create or adapt technology for use in their institution. Featuring a broad range of topics such as public administration, educational technology and higher education, this book is essential for teachers, deans, principals, school administrators, IT specialists, curriculum developers, instructional designers, higher education staff, academicians, policymakers, researchers and students. **Zaria Educator**, 2005-08. Farfaru Journal of Multi-disciplinary Studies, 2007.

Making Progress in English Eve Bearne, 2006-09-07. This manual is designed to help teachers establish a principled framework for developing English at Key Stages 1 and 2. Covering all aspects of English, it will help teachers raise standards of achievement in pupils at all levels of fluency and confidence. The author uses case study material to relate theory to practice, covering issues such as classroom organization and management. She also provides guidance for planning and developing ideas with colleagues and with children, and offers suggestions for teaching strategies with photocopiable sheets and formats and ways to evaluate teaching. Separate sections deal with reading, writing, speaking and listening, and these different threads are drawn together in sections on knowledge about language, including spelling, grammar and punctuation, and study of texts, including media, poetry, drama, response to literature and the use of non-fiction texts. The final section deals with policy and schemes of work. Each chapter also offers information on assessment, recording and reporting, linked to scales of progression, frameworks for screening and supporting children who have difficulties with English, gender, working with parents, linguistic and cultural diversity. Eve Bearne teaches at Homerton College, Cambridge. **Notes for the Guidance of Teachers in Drawing Up Schemes of Work in English**, 1966.
