divergence Through a representative sampling of poems from both traditions she illustrates how the irreducible generic nature of the lyric transcends linguistic and cultural barriers but also reveals the fundamental distinctions between the traditions Most crucially she dissects the two radically different conceptualizations of reality mimesis and xing that serve as underlying principles for the poetic practices of each tradition Skillfully integrating theory and practice *The Poetics of Repetition in English and Chinese Lyric Poetry* provides a much needed model for future study of Chinese and English poetry as well as lucid succinct interpretations of individual poems *The Cumulative Book Index*, 1922 *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry *Dual-Language Learners* Angèle Sancho Passe, 2012-10-12 Growing research shows that many children from immigrant and refugee families are not doing well in school due in part to linguistic and cultural disadvantages Teaching dual language learners requires cultural sensitivity an understanding of language acquisition and intentional teaching strategies Combining research and techniques this resource helps early childhood educators support dual language learners as they develop the skills necessary for school readiness and success Ang le Sancho Passe an early childhood education consultant and writer is trilingual and has worked with many programs serving dual language learners She is the author of *Is Everybody Ready for Kindergarten* **The American Catalogue ...
