*The Palgrave Handbook of Gender, Media and Communication in the Middle East and North Africa* Loubna H. Skalli,Nahed Eltantawy,2023-05-20 The Palgrave Handbook of Gender Media and Communication in the Middle East and North Africa stands as an authoritative and up to date resource on the critical debates research methods and ongoing reflections on how gender and communication intersect with the economic social political and cultural fabrics of the countries in the MENA region The Handbook comprises thirty one chapters written by both established and rising scholars of

gender media and digital technologies and will rely on fresh data which seeks to capture the dynamic and complex realities of MENA societies as well as the tensions and contradictions in the politics of gender and uses of communication technologies The Handbook is split into six sections Gender Identities and Sexualities The Gender of Politics Gender and Activism Gender Based Violence Gender and Entrepreneurship and Gender in Expressive Cultures Merchants Record and Show Window ,1922 *The Saddle and Show Horse Chronicle* ,1915 The Law Times Reports ,1908 *The Gift Economy* David Cheal,2015-07-03 Until recently we have known more about gift giving practices in pre industrial societies than about those of industrial western society In this book first published in 1988 David Cheal shows that the process of present giving and receiving is a vital element in contemporary social life relevant to some of the most important theoretical traditions in sociology particularly those of Durkheim and Weber and to the social constructionism of Peter Berger and Thomas Luckmann This volume is the result of a major study of gift rituals carried out by David Cheal and his associates in which general themes are richly illustrated with details from individual case histories gathered during the research It is highly significant that in western society women are more active gift givers than men and while their voices explain how emotions and interests are interrelated within the gift economy the author shows how that in turn is related to current theories about family gender and religion
