

Essay Sample About Yourself

Describing myself is one of the toughest tasks to do, but it's fascinating too, to put it to words. I believe our traits – be they positive or negative – make us the person we are to the world. When it comes to my personality, people can have different opinions because they see what they want to see in me, and that's okay. So, I would describe myself from the paradigm I see myself from in different aspects.

As a person, I believe life is an art, and I am the artist of my life. I try to keep it full of colors and as cheerful as possible no matter what life throws at me. I am an enthusiast and a person full of curiosity. Curious to know what life is all about and what it holds in the future

I like to keep a smile on my face no matter what I am going through, and that smile keeps me going. Besides, I was brought up in a multicultural community. Therefore, I am an extrovert, and I like to meet people. I love to experience their lives, cultures, and traditions, which makes me happy and cheerful.

Moreover, I am reliable but very short-tempered. I lose my calm if not understood properly. I get very irritated internally, but that doesn't show in my behavior. However, I would like to change this character trait a little because my friends and dear ones often do not notice that I have some troubles. Thus, they do not offer help when I need it.

Good or bad, this is me, trying to contemplate the world as it is, revealing its true colors. I believe life is a gift, and it should be treated like one, with love, care, and respect.

Handbook of Self-Regulation, Third Edition Kathleen D. Vohs, Roy F. Baumeister, 2016-07-01 Revised edition of Handbook of self regulation 2011

The Humble Argument Roy K. Humble, 2024-07-01 The Humble Argument is so much more than a writing textbook It gives you tools tips and tricks that actually explain what a writer does It doesn't sugarcoat the process or dumb down the very real challenges that entering a college writing space requires This book is more like a friend It's the kind of friend that will coach you through a tough time encourage you and make you laugh while you go through it It's the kind of friend who holds your hair back when you're sick of writing and gives you the courage to try again Roy K Humble is the kind of writing teacher who understands the struggle of learning how to write arguments like a college student and doesn't just tell you what you want to hear His lessons here are profound but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be He writes to students in language they can understand without becoming English majors with just enough humor to keep them reading He writes for faculty moving through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes Perhaps most importantly Humble understands that the price of a book matters to students so his books are affordable From every perspective Humble gets it The Humble Argument has students covered on these important topics Understanding argument as an idea Grasping the stages of the writing process Organizing an argument around rhetorical principles Thinking for yourself as a college student Crafting a careful and clear thesis Gathering

and synthesizing evidence to support a thesis Guiding readers through a thoughtful persuasive essay **Helping Children Realize Their Best Selves** Ms. Franklin, 2025-10-31 Dear Readers Can we admit the pandemic sucked big time Families and educators had to endure social and political madness with children in tow Pandemic learning loss can deepen because young minds cannot access high level content without self confidence or self control My two most enriching expectations are contradictory I teach children to speak You are a voice in this world who deserves to be heard I also teach silence Be quiet Control yourself Children must learn how to assert their ideas and feelings during work and play Simultaneously scholars must be capable of stillness in order to self reflect ponder new concepts listen attentively to others and do their best on high stakes tests I have as yet to have a child in my class who did not learn to differentiate the time to speak from the time for silence Sincerely Ms Franklin PS Not only for teachers and parents my book is also from one concerned citizen to others who believe American prosperity is contingent upon preparing all children to become productive adults Section 1 Roadblocks Race Relations in America With an increase in hate crime we lack the luxury to pretend we live in a postracial society None of us can truly realize our best selves with either hate in our heart or fear in our soul Section 2 Pathways Pave the Road to Success We adults must deconstruct barriers that arrest student achievement We must do better if we want all children to be better Section 3 Highways Once a Student Now a Scholar All children can and must learn to distinguish mindsets and behaviors that are prerequisites for success from those that divert discovery of one's career path Ms Franklin's Recurrent Advice to Struggling Scholars Mean and happiness cannot coexist live together The who you were yesterday is not the who you have to be today Change Learn Grow Do it for yourself Do it for our community **Letters and Documents** Søren Kierkegaard, 1978 This volume provides the first English translation of all the known correspondence to and from Søren Kierkegaard including a number of his letters in draft form and papers pertaining to his life and death These fascinating documents offer new access to the character and lifework of the gifted philosopher theologian and psychologist Kierkegaard speaks often and openly about his desire to correspond and the resulting desire to write for a greater audience He consciously recognizes letter writing as an opportunity to practice composition Unlike most correspondence Kierkegaard's letters expressly do not require a reply he insists on this as a principle while he clearly and earnestly yearns for a response to his efforts Among his other principles are purposefulness directness and the equality of a letter to a visit with a friend Kierkegaard preferred the former to the latter Perhaps more than anything else in print Kierkegaard's Letters and Documents reveal his love affair with the written word **Self-regulated Learning** Dale H.
