interesting but even in spite of their romance of splendid courage I fancy that the majority of us would rather turn back over the leaves of history to read how Drake captured the Spanish treasure ship in the South Sea and of how he divided such a quantity of booty in the Island of Plate so named because of the tremendous dividend there declared that it had to be measured in quart bowls being too considerable to be counted Courage and daring no matter how mad and ungodly have always a redundancy of vim and life to recommend them to the nether man that lies within us and no doubt his desperate courage his battle against the tremendous odds of all the civilized world of law and order have had much to do in making a popular hero of our friend of the black flag But it is not altogether courage and daring that endears him to our hearts There is another and perhaps a greater kinship in that lust for wealth that makes one s fancy revel more pleasantly in the story of the division of treasure in the pirate s island retreat the hiding of his godless gains somewhere in the sandy stretch of tropic beach there to remain hidden until the time should come to rake the doubloons up again and to spend them like a lord in polite society than in the most thrilling tales of his wonderful escapes from commissioned cruisers through tortuous channels between the coral reefs And what a life of adventure is his to be sure A life of constant alertness constant danger constant escape An ocean Ishmaelite he wanders for ever aimlessly homelessly now unheard of for months now careening his boat on some lonely uninhabited shore now appearing suddenly to swoop down on some merchant vessel with rattle of musketry shouting yells and a hell of unbridled passions let loose to rend and tear *American Literary Gazette and Publishers' Circular* ,1863
