

Formal Analysis Paper

Objective: Write a Formal Analysis

What: Three page paper

How: You can pick ANY work on view at the Blanton to analyze

When: Due November 18 at 11:00am (class time)

Formatting Basics:

- ☐ Typed, double spaced, 1-inch margins, 12-point Times New Roman font.
- ☐ **Three entire pages** (not more than 4)
- ☐ Include the image that you are writing about. Make it large enough so I can see it. This does not count towards the length requirement!
- ☐ Proofread, proofread, proofread for grammar, spelling, punctuation, and other errors.
- ☐ **Make sure you have a thesis statement.**
- ☐ Your grade will reflect your ability to follow these guidelines.

Description of Assignment: The goal of a formal analysis is to explain how the formal elements of a work of art affect the representation of the subject matter and expressive content. The emphasis should be on analyzing the formal elements—not interpreting the artwork. That said, an understanding of the meaning of the work is the final goal of any formal analysis. To aid in writing a formal analysis, you should think as if you were describing the work of art to someone who has never seen it before.

Getting Started: It may be helpful to start by looking at the work of art and identifying the visual elements. How are they arranged? Is the work balanced? Is there a focal point? Is there a sense of movement? You might consider why the artist chose to include certain elements and how each element contributes to your response to the work.

It is important to remember that your interest here is strictly formal; **no research is to be used in this paper.** You are strictly relying on your ability to visually ‘read’ a work of art and make interpretations about it based on your analysis of it.

The Thesis Statement: The thesis statement sets the tone for the entire paper and sets it apart from being a merely descriptive paper. Your thesis should provide a framework for your analysis and suggest your interpretation of the work. A thesis statement does not necessarily involve a statement of argument or original insight, but it should let the reader know how the artist’s formal choices affect the viewer.

Example of an effective thesis statement: In *Club Night*, George Bellows uses high contrast, shape, and line to capture the energy of the athletes and provide an evocative and sensational interpretation of the club scene.

The Analysis: Although description is an important part of a formal analysis, description is not enough on its own. You must introduce and contextualize your descriptions of the formal elements of the work so the reader understands how each element influences the work’s overall
