Black Liberation in Higher Education Chayla Haynes,Milagros Castillo-Montoya,Meseret F. Hailu,Saran Stewart,2021-05-10 In this book on higher education the contributors make The Black Lives Matter BLM their focus and engage in contemporary theorizing around the issues central to the Movement Black Deprivation Black Resistance and Black Liberation The BLM movement has brought national attention to the deadly oppression shaping the everyday lives of Black people With the recent murders of Breonna Taylor and George Floyd from state sanctioned violence by police the public outrage and racial unrest catapulted BLM further into the mainstream Institutional leaders e g provosts department heads faculty campus administrators particularly among white people soon began realizing that anti Blackness could no longer be ignored making BLM the most significant social movement of our time The chapters included in this volume cover topics such as white institutional space and the experiences of Black administrators a Black transnational ethic of Black Lives Matter depictions of BLM in the media racially liberatory pedagogy campus rebellions and classrooms as sites for Black liberation Black women s labor and intersectional interventions and Black liberation research The considerations for research and practice presented are intended to assist institutional leaders policy makers transdisciplinary researchers and others outside higher education to dismantle anti Blackness and create supportive mechanisms that benefit Black people especially those working learning and serving in higher education The chapters in this book were originally published in a special issue of International Journal of Qualitative Studies in Education

Navigating Assessment with Linguistically Diverse Learners Keri-Anne Croce,2017-04-01 This book addresses how to assess and instruct students while also honoring their cultural and linguistic backgrounds Many individuals want to support their multilingual learners but do not have the language skills to work in a bilingual or dual language setting The chapters in this book examine assessment in classrooms where English is the language of instruction yet students are also encouraged to communicate in multiple languages The thesis of this book revolves around the idea that linguistically diverse learners may engage in critical thinking in ways that we may not anticipate Students who are learning in an additional language do not need to catch up Assessment should instead measure the new ways that students are interacting with the world This book helps you discover the many ways to help students develop as critically thinking readers writers and speakers There is a scarcity of research addressing literacy among linguistically diverse learners within math and science The information contained in this book will hopefully advance a dialogue between teachers and linguistically diverse students as they read and write multiple genres together This book also encourages teachers family and community members to come together to

form supportive environments where best practices are fostered Some of the questions addressed by this book 1 How do I determine a student s strengths and needs if he or she is not talking in class in any language 2 Do I teach monolingual and multilingual learners to read in similar ways 3 How can I support my students as they read math word problems 4 What do students need to know about the structures of science texts 5 How should we develop math and science literacy assessments 6 Should I have specific language goals for students as speakers
