Owner's Responsibilities...

It is the owner's/operator's responsibility to perform the necessary safety checks to ensure that all lubrication, cooling, maintenance and recommended practices are followed for safe, enjoyable operation.

All transmission units are covered by a guarantee given by the manufacturer, therefore:

The instructions in this manual are to be strictly observed with reference to the handling of the transmission units.

CAUTION

The manufacturer is not liable for damages caused by a faulty installation, wrong handling and deficient maintenance.
Please make sure to avoid any external forces as well as vibrations caused by torsion and bending.

The interaction between the engine, shaft equipment and propeller may lead to torsional vibrations producing a hammering noise of gears and eventually damaging the engine and transmission. HURTH is not responsible for such torsional vibrations inherent to the installation.

The complete limited warranty conditions and procedures are found in the "Owner's Manual".
