Proceedings of the 11th Toulon-Verona International

Conference on Quality in Services Rocco Moliterni, Jacques Martin, 2008 The Toulon Verona Conference was founded in 1998 by prof Claudio Baccarani of the University of Verona Italy and prof Michel Weill of the University of Toulon France It has been organized each year in a different place in Europe in cooperation with a host university Toulon 1998 Verona 1999 Derby 2000 Mons 2001 Lisbon 2002 Oviedo 2003 Toulon 2004 Palermo 2005 Paisley 2006 Thessaloniki 2007 Florence 2008 Originally focusing on higher education institutions the research themes have over the years been extended to the health sector local government tourism logistics banking services Around a hundred delegates from about twenty different countries participate each year and nearly one thousand research papers have been published over the last ten years making of the conference one of the major events in the field of quality in services

Working with External Quality Standards and Awards Angela Mulvie, 2018-09-13 This book looks at how and where human resources HR meets quality management and the implications of this Most organizations whatever their size or sector struggle with demonstrating the value of continuous improvement CI and or HR initiatives at a time when economic conditions are challenging in the global marketplace Both within the UK and internationally organizations will use continuous improvement and business excellence BE as a means of not only improving performance internally but also to secure external recognition of their management practices including people management and therefore increase their competitiveness in their market This text explores the potential overlaps between the two fields by considering how to address the development and implementation of a strategy to integrate CI BE and human resource management Practical and applied this text provides A brief overview of the concepts of CI and BE An analysis of the strategic factors impacting on an organization s decision making around adopting a CI BE approach and the impact this may have on people management and development practices A review of some major external CI BE accreditations and awards and their value and how they might be used An analysis of the possible problems and outcomes which could be achieved by adopting such a CI BE strategy and integrating it with people management and development activities This book is ideal for any professional HR or performance improvement practitioner who wants to understand how a CI BE approach could benefit their organization as well as postgraduate students of HR or quality management

Project Success and Quality Andrew Wright, Therese Lawlor-Wright, 2018-09-03 Projects are inherently risky since they involve some level of uncertainty doing something new in the target environment but the percentage of projects seen as a success is still disappointingly low especially for IT projects The Iron Triangle of time cost quality suggests that all three aspects are equal but with quantitative methods for monitoring project performance the focus is primarily on managing cost and time This book seeks to redress the balance explaining the rationale and benefits of focusing more on quality fitness for purpose and conformance to requirements before detailing a range of tools and techniques to support rebalancing the management of projects programmes and portfolios It shows how managing project quality actively can reduce costs through minimising

wastage and reduce delays through avoiding rework leading to improved project success rates and customer satisfaction
