Lahiri Mahasaya, 2014-09-22 This is a scriptural commentary of Lahiri Mahasaya on Charak Gita also known as Charak Samhita The Book of Medicine and Mystical Healing Everything is being performed by the influence of Prana and without Prana nothing exists or manifests All things are under the control of the desire of Prana and all actions internal and external are performed by the desire of Prana The Iswara or God of all beings is Prana Who is there as Lord of Prana except the Prana itself So the Lord of Prana is worshiped by the Prana itself One should do whatever is necessary to expand the Prana Expanding the Prana is called Pranayama Pranayama is the conviction of all intelligent people and it is the substance of all scriptures In fact that is nothing except practicing Kriya By Kriya practice this physical body gets nourishment Therefore one should practice Kriya everyday Everything is established in Prana who is sheltered in this physical body Be kind to yourself Believe in the words of Guru and practice Kriya Kriya practice keeps the body in good shape and in perfect health After having practiced Kriya the holding onto the After effect poise of Kriya is a certain and wonderful medicine By this one sentence everything is told Dissolving everything into One is called Shashtra or scripture Pranayama is primary for all spiritual disciplines however many there are Holding onto the After effect poise of Kriya is Rasa the juice or nectar the juice of all juices Every Kriyanwit tastes this juice at the After effect poise of Kriya yet there is no juice there Thereafter they are attuned to the state of addiction of Bliss The application of medicine alone only treats the external disease and is thus a kind of throwing stones in the dark Without the practice of Kriya the inner person cannot be realized So a person cannot be healed by the application of medicine externally alone Healing takes place by the practice of Omkar Kriyas which are Kriyas of the Prana In other words the duty is to invite the mind to bathe in the mind itself Without such Knowing one cannot know the past present and future condition of the patient But if someone always practices those Omkar Kriyas suddenly he realizes the state past present and future of the patient Thereafter the application of medicine may cure the patient People become ill or die due to the indisposition of the Prana Everything is manifesting and will be and is established through Prana Therefore that Prana is in this body and therefore one should take care of this body Therefore the information of whatever means are referred to in The Charak Gita to save the breath are hereby collected and distributed by a Kriyanwit *Kriya Yoga*

Unlocked Triloki Nath, This is a Kriya Yoga book intended to be read and practised by everyone with without initiation Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster than in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During

a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper Kriya Yoga and Unlocking Mystical Songs of Kabir Lahiri Mahasaya,2013-07-26 This is a scriptural commentary of Lahiri Mahasaya on Kabir s couplets **The Upanishads** Lahiri Mahasaya, This is a scriptural commentary of Lahiri Mahasaya on The Upanishads If we scan the word Upanisad we see that Upa means sitting and nisad means near Thus the very word Upanisad specifies personal relationship the Guru param para Master to Disciple learning from the living lips of a Guru In ancient times the disciples sat near the Guru to learn the spiritual discipline from the living lips of their Guru to realize the supreme Self They practiced strictly in accordance with the instructor they received personally from the living lips of their Guru This is a Kriya Yoga book intended to be read and practiced by everyone with without initiation Please note that the Guru here means the Kutastha i e the place between the eyebrows also known as The Third Eye Every word uttered by a Yogi has a special meaning that is totally unintelligible to even the highly intellectual people This book is written in such a way that everyone can follow it up while trading the path of Kriya People think that they are very intelligent but if they try to understand very seriously they realize perfectly that nothing is happening according to their intellect Only those whose breath is not blowing in the left or right nostril are intelligent in this world When breathing is faster then in one day and one night respiration can flow up to 113 680 times Normally during the same time the figure is 21 600 times During a day and night if respiration is faster than usual the breath can flow in and out 113 680 times Normally in the course of a day and night there are 21 600 breaths This figure is reduced by Kriya practice to 2 000 times So breathing 1 000 times in the day and 1 000 times in the night in a normal course provides greater Tranquility to a Yogi One of his breaths takes about 44 seconds Such a Yogi is matured in Kriya practice Thoughts are inseparably related to breathing So when the number of breaths is reduced thoughts are reduced proportionately Eventually with the tranquilization of breath thoughts are dissolved Thereby the seeker can attain the After effect poise of Kriya or eternal Tranquility which is Amrita nectar proper

Patanjali Yoga Sutras Lahiri Mahasaya,2014-03-30 This is a scriptural commentary of Lahiri Mahasaya on Patanjali Yoga Sutras in the Light of Kriya All living beings are subject to the law of cause and effect As a result of their past actions they suffer again and again without breaking the cycle of births and deaths Desires cause them to embody and reembody in the world Once in embodiment the individual seeks happiness and avoids pain and sorrow Pleasure and or pain is reaped in this life according to past good and bad actions Moreover in order to be happy in this world one should also suffer

because happiness and suffering are relative There is no escape from suffering until all desires themselves are dissolved or transcended Perfect Happiness can only be found in Peace or Shanti How can one find Peace There is no other means for finding Peace except through the practice of Yoga By the practice of Yoga the tremendously restless heart becomes calm Not only does the heart become calm by Yoga practice but longevity is also increased The body becomes healthy and absolute Knowledge is gained Who can tell how long a man will remain alive It is well known that even ordinary people without mentioning Yogis can live up to one hundred to one hundred fifty years It is also admitted that starting with the body in the mother's womb up to the age of eighty individuals are faced with premature death What is the cause of premature death How can one prevent it Who is also lucky not to be afflicted with hereditary ill health or premature death Individuals themselves are the cause of their own death It will become clear when one analyzes the nature of his restless activities and desires in search of Happiness What could be more desirable than to enjoy Peace with a steadfast heart It is not so easy to remain steadfastly calm no matter what happens in life But why is this not possible Where is one's command over the mind One shall have to tactically acquire dominion over the mind That can only be accomplished by Yoga practice It is possible to live even when all physical and mental activities have come to a stop when one practices Yoga Yoga is one of the six systems of philosophy Yogi Patanjali is the founder of this system as well as the author of the many commentaries on Yogi Panini the father of Sanskrit grammar This very valuable tiny book is divided into four parts In the first part it describes the nature of Yoga Samadhi or Attunement with the ultimate Self and discusses its various aspects In the second part the first five steps of the eightfold Yoga path are outlined for the benefit of the truth seeker In the third part the last three steps are outlined namely Dharana concept of Tranquility Dhyana meditation and Samadhi Attunement The state of going within during meditation practice and the danger of developing yogic powers are discussed In fourth part Kaivalya or the highest Liberation is discussed In fact discussion of Yoga is the aim of this book **Sri Sri Chandi (Durga Saptasati)** Lahiri

Mahasaya, 2014-08-23 This is a scriptural commentary of Lahiri Mahasaya on Sri Sri Chandi also known as Sri Durgasaptasati In the dialogue there is a point to answer Where there are no words there is no need to talk The Lord who stays within the heart causes a person to express the Message which reveals accordingly There are many words of wisdom in this Scripture but they have been condensed here to help the Kriyanwits increase their sincerity and devotion The Rig Veda states Whatever blissful feelings are generated by discussing and practicing Kriya are called Prema Divine Love and Bhakti Utmost sincerity and Devotion The spontaneous Revelation of the glories of the Goddess Durga is reflected in Her image and the Yogis who witness this between the eyebrows transcend dualism Dwaita and monism Adwaita to establish themselves in Oneness with the ultimate Self When the Yogi holds onto the state of the After effect poise of Kriya then there is nothing to say Whatever is expressed in Speech which comes out from the Tranquil Breath is the form and energy of Durga Gayatri Everything is present in Her Nama Name and Rupa Form are the same for everything is Her name and Her form The cause of

Liberation Mukti and cause of man is Divine Mother In the Rig Veda She is referred to in many ways such as Bhadrang Bhagavating Krisnang Graha Nakshatra Malini Sivang Durgang Twang Samutpannang Agnivarnang Sutang Soumyang Idang Sresthang and Jyotisang Jyotiruttamang Such is the form of the Goddess Durga and it is everybody's duty to worship Her that is to practice Kriya sincerely
