The Vincentians: A General History of the Congregation of the Mission Luigi Mezzadri, CM, José Maria Román, CM, 2009 Their mission was humble and simple to reach the poor country people who suffered from ignorance of their faith a debased clergy and poverty In response Vincent De Paul defined the vocation of his Little Company as preaching local missions for free educating the clergy and working to relieve the people s poverty Soon however this vocation was complicated by commands to minister to royal families including Louis xiv of France and the kings and queens of Poland which would embroil the Vincentians in international and ecclesiastical politics In addition they would begin dangerous foreign missions such as ministering to the Christian captives of the Barbary pirates the debased colonists and rebellious natives of Madagascar and the vendetta prone Corsicans For the first time modern readers have a thoroughly researched history based on original documents and the studies of numerous scholars past and present It portrays the Vincentians daily lives and describes their failings as well as their exalted acts of heroism It also details the social and political milieus that conditioned their lives and work It is an important down to earth side of history not often told

The French Secret Services ,1993-01-01 The French secret services have a long history dating back to the ancien regime With the founding of the Third Republic 1870 1940 the famous Second Bureau was created as France s principal intelligence gathering organization After the Germans invaded France in 1940 however the services splintered and diversified with Vichy agencies and Collaborationists the Free French and the internal resistance all in contention More recently since 1944 the activities of the reorganized French secret services have extended across a surprisingly wide area sometimes with spectacular results as in the Greenpeace Affair in New Zealand in 1985 This volume deals with the French secret services according to a chronological framework which reflects the evolution of the services which were created and transformed by both internal and external historical factors The bibliography commences with an examination of the origins and development of the French Intelligence Service from the ancien regime to 1870 It then considers the history and activities of the secret services during the following periods the Third Republic the Second World War the Fourth Republic and the Fifth Republic firstly between 1958 and 1981 and then during the 1980s and 1990s including the Greenpeace Affair This is an essential reference tool for all those interested in the history of intelligence agencies and national security in general and in the development of the French secret services in particular

Fulcanelli and the Alchemical Revival Geneviève Dubois, 2005-11-10 Sheds new light on the identity of the alchemist Fulcanelli Provides new understanding of the relationships between the most important figures of the esoteric milieu of Paris in the first half of the 20th century Includes a wealth of rarely seen documents photos and letters Fulcanelli operative alchemist and author of *The Mystery of the Cathedrals* and *The Dwellings of the Philosophers* two of the most important esoteric works of the twentieth century remains himself a mystery The true identity of the man who allegedly succeeded in creating the philosopher s stone has never been discovered despite ardent searches by many

even the OSS the wartime U S intelligence agency later to become the CIA claimed to have looked for him following the end of World War II Genevi ve Dubois looks at the esoteric milieu of Paris at the turn of the century a time that witnessed a great revival of the alchemical tradition and investigates some of its salient personalities Could one of these have been this enigmatic man reported to have last appeared in Seville Spain in 1952 when he would have been 113 years of age The trail followed by the author encounters such figures as Papus Ren Gu non Schwaller de Lubicz Pierre Dujols Eugene Canseliet and Jean Julien Champagne Working from rare documents letters and photos Dubois suggests that one of these men could have been hiding his activity behind the pseudonym of Fulcanelli or that Fulcanelli may even have been a composite fabricated by several of these individuals working together Beyond its attempt to reveal the actual identity of Fulcanelli Fulcanelli and the Alchemical Revival also presents an explanation of the alchemical doctrine and reveals the unsuspected relationships among the important twentieth century truth seekers it highlights Christian Missions in China Charles Sumner Estes,1895

Catholic Missions ,1921 The Vincentians: A General History of the Congregation of the Mission John E. Rybolt, The French Revolution nearly destroyed the Vincentians in France and those in most other countries were isolated persecuted in every degree from niggling regulations to imprisonment and martyrdom and sometimes squeezed into oblivion To these external miseries were added painful internal schisms the Italians abetted by other countries and the Holy See pushed to center the Congregation in Rome interdicts against communication with foreign superiors forced provinces in many countries to act autonomously national pressures to swear loyalty and conform to compromising regulations created splits within the community and threatened to divide the Daughters and separate them from their brothers Reduced membership and funding crippled the Vincentians efforts as they emerged from the worst of the state obstructions Nevertheless they began rebuilding and even made struggling beginnings in overseas missions notably the United States Brazil the Ottoman Empire the Middle East and China where the martyrdom of two missionaries galvanized interest in this distant and challenging mission The Encyclopædia of Missions Edwin Munsell Bliss,1891 Tamta's World Antony Eastmond,2017-04-20 The compelling story of a thirteenth century Christian noblewoman ransomed to the family of Saladin made a ruler by the Mongols and with extraordinary connections across continents and cultures from the Mediterranean to Mongolia This book will be important for students and scholars of Byzantine Crusader and Islamic history art and architecture The Report of the British and Foreign Bible Society British and Foreign Bible Society,1906 Vols 1 64 include extracts from correspondence French African Possessions Great Britain.
