Sublating Second Language Research and Practices Manfred Man-fat Wu, 2023-07-31 Wu's book provides an innovative perspective on and recommendations for the major aspects of second language L2 teaching from a Hegelian anthropological philosophical perspective Language is social in nature and is related to the larger social milieu Hegelian philosophy of language complements existing research and theories on L2 learning by not only equipping them with a systematic framework but also broadening their scope In Hegelian philosophy language not only has its individual and interpersonal dimensions but is also related to the community society and morality The Hegelian perspective also suggests a number of functions of L2 which have either been neglected or rejected by L2 researchers This book highlights these neglected elements such as intersubjectivity mutual recognition universalization and objectivization of inner subjectivity of individuals as well as moral enhancement These concepts generate insights on the teaching and learning of L2 Wu's volume also covers how the Hegelian anthropological philosophical perspective can help to re-interpret research results on L2 learner characteristics that are related to L2 learning to date such as L2 identity and autonomy The book offers an alternative research paradigm teaching philosophy pedagogical implications and suggestions for scholars practitioners and students in the professional field of L2 teaching

Corpus Perspectives on the Spoken Models used by EFL Teachers Angela Farrell, 2019-11-12 Corpus Perspectives on the Spoken Models used by EFL Teachers illustrates the key principles and practical guidelines for the design and exploitation of corpora for classroom based research Focusing on the nature of the spoken English used by L2 teachers which serves as an implicit target model for learners alongside the curriculum model this book brings an innovative perspective to the on going academic debate concerning the models of spoken English that are

taught today Based on research carried out in the EFL classroom in Ireland this book explores issues and challenges that arise from the use of non standard varieties of spoken English by teachers alongside the use of Standard British English and examines the controversies surrounding sociolinguistic approaches to the study of variation in spoken English combines quantitative corpus linguistic investigations with qualitative functional discourse analytic approaches from pragmatics and SLA for classroom based research demonstrates the ways in which changing trends and perspectives surrounding spoken English may be filtering down to the classroom level Drawing on a corpus of 60 000 words and highlighting strategies and techniques that can be applied by researchers and teachers to their own research context this book is key reading for all pre and in service teachers of EFL as well as researchers in this field English Language Teacher Education in Chile Malba Barahona,2015-07-15 Over the last two decades Chile has been driven by an economic imperative to build the capability of citizens to be competent in the English language resulting in a high demand for teachers of English As a consequence teacher education programs have modified their curricula to meet the challenges of educating teachers of English as a global language This book explores EFL teacher education in order to further understand the nature of teacher learning in second language education environments examining the varying motives actions and mediating tools that shaped how a cohort of pre service teachers learnt to teach EFL in Chile Framed by a cultural historical activity theory CHAT perspective chapters use key qualitative research to determine how specific factors can help and hinder the effective preparation of teachers illuminating contradictory dynamics between local and national policies teacher education programs and pre service views and classroom realities The book makes an important contribution to the growing debate surrounding the design of EFL teacher education policy curriculum and learning strategies emphasising the importance of engaging pre service teachers in learning to teach EFL and the interrelated factors that shape this learning English Language Teacher Education in Chile will be of key interest to academics researchers and postgraduate students in the fields of teacher education curriculum studies and English language teaching ESL EFL as well as policy makers TESOL organisations and those interested in applying a CHAT perspective to language teaching and learning **Grammar** Tom Rankin,Melinda Whong,2020-10-01 Traditionally there has been a disconnect between theoretical linguistics and pedagogical teacher training This book seeks to bridge that gap Using engaging examples from a wide variety of languages it provides an innovative overview of linguistic theory and language acquisition research for readers with a background in education and teacher training and without specialist knowledge of the field The authors draw on a range of research to ground ideas about grammar pedagogy presenting the notion of Virtual Grammar as an accessible label for unifying the complexity of linguistics Organised thematically the book includes helpful Case in point examples throughout the text to illustrate specific grammar points and step by step training in linguistic methods such as how to analyse examples which educators can apply to their own teaching contexts Through enriching language teachers understanding of linguistic features the book fosters a different perspective on grammar for

educators *Aspects of Language Development in an Intensive English Program* Alan Juffs, 2020-03-02 While there is much in the literature on ESL development this book is the first of its kind to track the development of specific language abilities in an Intensive English Program IEP longitudinally and highlights the implications of this particular study's findings for future IEP implementation and practice and ESL and SLA research The volume draws on many years worth of data from learners at an IEP at the University of Pittsburgh to explore selected aspects of language development including lexical grammatical speaking and writing abilities in addition to placement assessment practices and student learning outcomes A concluding chapter points to the ways in which these findings can be applied to decision making around IEP curriculum development and the future role of IEPs in higher education more broadly With its focus on students in IEP settings and the concentration on data from students evaluated over multiple semesters this volume offers a unique opportunity in which to examine longitudinal developmental patterns of different L1 groups on a variety of measures from the same learners and will be key reading for students and researchers in second language acquisition English for Academic Purposes language education and applied linguistics

Developing Materials for Language Teaching Brian Tomlinson, 2013-12-19 There have been a number of books published on various aspects of materials development for language teaching but *Developing Materials for Language Teaching* is the only one which provides a comprehensive coverage of the main aspects and issues in the field This second edition brings it completely up to date and expands on the original book It deals with advances in IT and an increasingly globalized world It is the only publication which views current developments in materials development through the eyes of

developers and users of materials from all over the world. In doing so it applies principles to practice in ways demonstrated to facilitate the effectiveness of language learning materials. The chapters are written so that the book provides critical overviews of recent developments in materials development and at the same time acts as a stimulus for development and innovation in the field. It is intended both for use as a course book on postgraduate and teacher training courses and as a resource for the stimulus and refreshment of teachers, publishers and applied linguists in the field. The book contains updated versions of many of the chapters in the 2003 edition plus new chapters on corpus informed materials development, materials development for blended learning, materials development for EAP, materials development for ESOL and materials development for young learners.
