Promoting Resilience and Inspiration Nelson Reynoso, 2025-02-17 This book details a study conducted at Bronx Community College of the City University of New York The text combines insights from semi structured interviews with Dominican American students enrolled at the college with autoethnographic reflection by the author also a Dominican American scholar By investigating the stories of six individuals who arrived in the US without any English proficiency the book captures many of the financial social linguistic environmental and cultural challenges faced by immigrants in the US Focusing on how these three individuals developed resilience to these pressures however the volume moves beyond a deficit understanding of the immigrant experience to highlight how individuals have drawn on personal cultural and social strengths to build resilience and achieve academic success The stories provide a model of resilience for helping other community college students and in particular students with an immigrant background to achieve academic success despite overwhelming odds

Sanctity and Environment in Ethiopian Hagiography Abate Gobena, 2023-10-04 The original forests of the central and northern highlands of Ethiopia are almost entirely confined to the sacred groves surrounding the churches and monasteries of the Ethiopian Orthodox Tewahido Church In Ethiopian tradition sanctity starts from the Tabot on the altar of the church and extends to the outer periphery of the compound Church forests serve as shade and shelter for the sacred and are seen as integral parts of the churchyard The Act of Gebre Menfes Qiddus GGMQ is an original Ethiopic hagiographic text It depicts the life and struggle of the saint in the wilderness of forests and mountains Hagiographic texts

like GGMQ are in Ethiopia not mere historical records but texts linked to the daily liturgical services that shape and mould the perceptions and actions of their readers and listeners The aim of the thesis is to analyse how GGMQ presents the relation between the saint and the natural environment in order to see if there is a correlation with how the Ethiopian tradition has preserved the church forests and has considered these to be sacred spaces representing the wilderness The aim is achieved through a close reading of the text and its intertexts using four selected themes as analytical instruments ascetic estrangement coexistence with non human creation identification with the angels and reconciliation of opposites The analysis and the fact that the GGMQ is one of the most venerated texts read and heard with great liturgical solemnity show that there are good reasons to believe that the constant reading of GGMQ has made and makes a significant impact upon the readers views on the mutual co habitation of human and non human creation and the development of an awareness of the need to preserve the wilderness and non human creation Cooper Monographs on English and American Language and Literature

discourses in Africa and Cameroon Using an ethnographic historical approach and drawing on the intricacies of what it has meant to be and belong in Kom an ethnic community in the Northwest Region of Cameroon since 1800 he explores the discourses and practices of kfaang as central to any understanding of mobility and modernity in Kom Cameroon and Africa at large The book unveils the emic understanding of modernity through the history and ethnography of kfaang and its technologies and illustrates how these terminologies were conceived and perceived by the Kom people in their social and physical mobilities It documents and analyzes the historical processes involved in bringing about and making kfaang a defining feature of everyday life in Kom and among Kom subjects The Boundaries of Freedom Brodwyn Fischer, Keila Grinberg, 2023-08-17 This carefully curated collection of essays opens the vibrant field of Brazilian slavery and abolition studies to English language readers Asceticism and Christological Controversy in Fifth-Century Palestine Cornelia B. whether the accused committed the crime but what it was about him that made him commit the crime An avowal of wrong doing was no longer sufficient psychiatric expertise was now necessary and that development marks the birth of discipline and modern criminal justice made so famous by Foucault *Transnational Religion And Fading States* Susanne H Rudolph, 2018-02-07 Focusing on the dilution of state sovereignty this book examines how the crossing of state boundaries by religious movements leads to the formation of transnational civil society Challenging the assertion that future conflict will be of the clash of civilization variety it looks to the micro origins of conflicts which are as likely to arise between states sharing a religion as between those divided by it and more likely to arise within rather than across state boundaries Thus the chapters reveal the dual potential of religious movements as sources of peace and security as well as of violent conflict Featuring an East West North South approach the volume avoids the conventional and often ethnocentric segregation of the experience of other regions from the European and American Contributors draw examples from a variety of civilizations and world religions They contrast self generated movements from below such as Protestant sectarianism in Latin America or Sufi Islam in Africa with centralized forms of organization and patterns of diffusion from above such as state certified religion in China Together the chapters illustrate how religion as bearer of the politics of meaning has filled the lacuna left by the decline of ideology creating a novel transnational space for world politics **The Dublin Review** Nicholas Patrick Wiseman, 1871 Wiseman Review , 1871 Supplement and Finding List of Recent Additions to the Lending Department, 1888-1893 Borough of Portsmouth Free Public Libraries. Central Library, 1894 **History of White Pine Blister Rust Control** Warren V. Benedict, 1981 **Switzerland in the Life and Work of Henry James** Jörg Hasler, Clare Benedict, 1966 *Transformative Waters in Late-medieval Literature* Hetta Elizabeth Howes, 2021 A consideration of the metaphor of water in religious literature especially in relation to women Medieval Futurity Will Rogers, Christopher Michael Roman, 2020-11-09 This collection of essays asks contributors to take the capaciousness of the word queer to heart in order to think about what medieval queers would have looked like and how they may have existed on the margins and borders of dominant normative sexuality and desire The contributors work with recent trends in queer medieval studies blending together modern concepts of sexuality and desire with the queer configurations of eroticism desire and materiality as they might have existed for medieval audiences
