English for Presentations at International Conferences Adrian Wallwork,2016-03-05 Good presentation skills are key to a successful career in academia This guide provides examples taken from real presentations given both by native and non native academics covering a wide variety of disciplines The easy to follow guidelines and tips will teach you how to plan prepare and practice a well organized interesting presentation avoid errors in English by using short easy to say sentences improve your English pronunciation and intonation gain confidence and overcome nerves and embarrassment highlight the essential points you want your audience to remember attract and retain audience attention deal with questions from the audience This new edition contains several additional features including stimulating factoids and discussion points both for self study and in class use New chapters also cover learning from talks on TED networking with potential collaborators professors fellow researchers interacting successfully with non native audiences posters EAP teachers will find this book to be a great source of tips for training students and for preparing both instructive and entertaining lessons Other books in the series cover writing research papers English grammar usage and style academic correspondence interacting on campus plus exercises books and a teacher s guide Please visit http www springer com series 13913 for a full list of titles in the series Adrian Wallwork is the author of more than 30 ELT and EAP textbooks He has trained several thousand PhD students and academics from 35 countries to write research papers prepare presentations and communicate with editors referees and fellow researchers **English for Academic Research: A Guide for Teachers** Adrian Wallwork,2016-05-19 Scientific English is possibly the most rewarding area of EFL teaching It differs from English for Academic Purposes EAP as it is directed to a much smaller audience PhD and postdoc students Courses on Scientific English are held in universities

throughout the world yet there is very little support for teachers in understanding what to teach and how to teach it This guide is part of the English for Academic Research series Part 1 of the book sheds light on the world of academia the writing of research papers and the role of journal editors and reviewers Part 2 gives practical suggestions on how to help your students improve their presentation skills In Part 3 you will learn how to teach academic skills using nonacademic examples Parts 1 3 are thus useful for anyone involved in teaching academic English whether they have used the other books in the series or not Part 4 suggests two syllabuses for teaching writing and presenting skills based on the two core books English for Writing Research Papers English for Presentations at International Conferences This book will help you i understand the world of your students i e academic research ii plan courses and iii exploit the What s the Buzz sections in the books on Writing Presentations Correspondence and Interacting on Campus Adrian Wallwork has written over 30 books covering General English Cambridge University Press Scholastic Business English Oxford University Press and Scientific English Springer He has trained several thousand PhD students from all over the world to write and present their research Adrian also runs a scientific editing service English forAcademics E4AC   Giving an Academic Presentation in English Adrian Wallwork,2022-06-23 This book is for university students with at least a mid intermediate level of English It can be used as part of an English for Academic Purposes EAP course either alone or with the companion volume Writing an Academic Paper in English The chapters are independent so that EAP teachers and students can choose those sections that best fit their needs This means that a course could range from a minimum of 20 hours up to 60 hours or more There is an introductory chapter that includes what role academics play in today s world where success is not just measured in terms of paper output and presentations at conferences but also in involvement interdisciplinary projects and supporting society at large Each chapter covers either a particular skill e g preparing a script pronunciation visuals how to begin and end a presentation or the particular purpose of a specific moment in a presentation For example the final slide is designed not just to conclude and thank the audience but is an opportunity to reach out for collaborations and assistance The aims of each part of a presentation are also highlighted by comparisons with non academic situations where similar skills are required The course is highly practical with screenshots from real presentations given by PhD students It is also designed to be fun to use Other books in the series Writing an Academic Paper in English Essential English Grammar and Communication Strategies Adrian Wallwork is the author of more than 40 ELT and EAP textbooks He has trained several thousand PhD students and researchers from around 50 countries to write research papers and give presentations He is also the co founder of e4ac com an editing agency for non native English speaking researchers   *Conferencing and Presentation English for Young Academics* Michael Guest,2018-09-15 This book discusses and demonstrates the types of English discourse used at academic conferences and offers guidance to prospective conference participants from multiple perspectives It is a combination of research taken from numerous academic conferences attended and observations made by the author based on well

established research methods in applied linguistics as well as a guidebook aimed at students ESP teachers and young academics and professionals wishing to upgrade their skills to participate fruitfully in and contribute to academic conferences It offers academic novices and non native speakers of English in particular much that is new and practical far beyond the realm of simple presentation tips It addresses various topics such as chairing discussions poster management discussion sessions the TED phenomenon workshops and the emerging field of English as a lingua franca The style alternates between the accessible and practical and the analysis of the linguistic categories underpinning the discourse genre analysis the nature of the specialist discourse community features of academic spoken discourse and the presentation as multimodal narrative are all explored The book includes authentic samples of model speech discourse throughout along with questions and exercises for deliberation or practice in each chapter *English for Research Publication Purposes* Karen Englander,James Corcoran,2019-02-21 Scholars who use English as an additional language confront challenges when disseminating their research in the global market of knowledge production dominated by English English for Research Publication Purposes analyses the experiences and practices of these scholars across the globe and presents critical plurilingual pedagogies as a theoretically and empirically informed means of supporting them This book Draws on an empirical study of a Latin American university s effort to mount a course that provides support to emerging and established scholars who use English as an additional language Brings theoretically informed discussions of critical pedagogies plurilingualism and identity affirmation to better serve plurilingual scholars who seek to publish their research in English language journals Provides examples of classroom activities that can be adapted and adopted to local contexts and realities in a curriculum based on critical plurilingual pedagogies Proposes future directions for research into the internationally urgent growing concerns of global scholars who produce English medium academic knowledge for the world stage Incisive and cutting edge English for Research Publication Purposes will be key reading for academics and upper level students working in the areas of ESP EAP ERPP and Applied Linguistics English Corpus Linguistics in Japan ,2016-09-12 The existence of corpus based linguistic research in Japan has until now mainly been hidden from the view of overseas researchers partly by the language barrier and partly by the continuing dominance of generative grammar in Japan At last this volume lifts the veil to reveal the current condition of corpus based research in Japan English Corpus Linguistics in Japan contains a collection of twenty papers written by Japanese linguists reflecting the state of art in English corpus linguistics in Japan The volume covers an impressively wide range showcasing the diversity and creativity of corpus based research in this country from studies drawing on the old faithful Brown and LOB Corpora as well as the more recent Frown FLOB the Bank of English and the British National Corpus to studies based on more specific historical literary spoken and learner corpora from investigations of major levels of language description including prosody lexis morphology syntax and semantics to investigations of language variation from explorations of single variables to those of multivariant dimensions and from

pedagogical applications to software applications The papers are grouped into four sections 1 Corpus based studies of contemporary English 2 Historical and diachronic studies of English 3 English corpora and English language teaching 4 Software for analyzing corpora This volume will inspire still further corpus explorations in the future both in Japan and abroad **The Challenges of the Digital Transformation in Education** Michael E.
