

The Witches in Macbeth

Although there is clearly more than one of them, the Witches may be seen as seem as a single character; they are often referred to as "The Weird Sisters". Their predictions drive matters forward though they never actually suggest direct action. Rather, they plant ideas in Macbeth's mind and let his ambition do the rest. Many of their predictions are ambiguous.

	How are the Witches like this?	Evidence	Analysis
Supernatural	The Witches are clearly unlike any other characters in the play . Their physical appearance, their style of speech, their actions and their apparent ability to predict the future sets them apart from the humans they seek to control.	Round about the cauldron go; / In, the poisoned entrails throw. / Toad, that under cold stone / Days and nights hast thirty-one / Sweltered venom sleeping got, / Boil thou first i'th'charmèd pot. / Double, double, toil and trouble; / Fire burn, and cauldron bubble. (Act 4 Scene 1)	The Witches meet around one of the most well-known symbols of witchcraft - a cauldron. Into this they throw all manner of foul and evil objects ('poisoned entrails') and cast a spell. Although it is not clear what the spell is for, it is obvious they are up to no good. The Witches' chant is in a different rhythm to the way the other characters speak - this also suggests their supernatural nature.
Ambiguous	When the Witches make their predictions, they only say what will happen and not how it will happen. Macbeth falls into their trap and believes that he is safer than he actually is.	THIRD APPARITION: Be lion-mettled, proud, and take no care / Who chafes, who frets, or where conspirers are. / Great Birnam Wood to high Dunsinane hill / Shall come against him. MACBETH: That will never be. (Act 4 Scene 1)	The Witches have conjured up three ghostly visions that make ambiguous predictions . Macbeth is told that he need not fear anything ('take no care who chafes, who frets, or where conspirers are') until a forest of trees uproots itself and moves. As this seems to be a physical impossibility Macbeth instantly dismisses it ever happening ('That will never be'). The prediction will come true - but not

Macbeth, William Shakespeare Alan Sinfield, 1992. Part of a series of books concerned with modern critical theory and its effect on current approaches to the study of literature. This particular book looks at Shakespeare's *Macbeth* by a series of 12 articles by authors such as Marilyn French, Peter Szallibrass, and Sigmund Freud.

William Shakespeare: an analysis of Macbeth's character Alessandro De Vivo, 2007-04-27. Seminar paper from the year 2002 in the subject English Language and Literature Studies. Literature grade 2.0. University of Education, Ludwigsburg. Language: English. Abstract: I would like to base my essay on the protagonist Macbeth. Probably composed in late 1606 or early 1607, *Macbeth* is the last of Shakespeare's tragedies, the others being *Hamlet*, *King Lear*, and *Othello*. If *Hamlet* is the grandest of Shakespeare's plays, *Macbeth* is from a tragic standpoint the most sublime and the most impressive as an active play. If we just consider the plot, *Macbeth* is a relatively simple play. In fact, like *Richard III* and numerous pre-Shakespearean plays, it deals with a traditional form: the rise and fall of a great man. In the first part of the play, we read about Macbeth's rise to power; then he manages to become king of Scotland. From this moment on, he begins with a period of tyranny that will end with Macbeth's death and the accession to the throne of the legitimate king. For this reason, he can be considered as the epitome of a tragic hero. In the course of the play, we notice a great development of Macbeth's character. At the beginning, he is a man much honoured by his countrymen for his leading and courageous part in defence of his good king and native land. During many conflicts, he showed his great courage, and he continues showing this personal quality also when he becomes king and he has to take a lot of difficult decisions. But this first description about Macbeth's character is not the definitive one. In fact, as soon as we meet him, we find out also his negative qualities, for example that he is both ambitious and murderous. It happens when the two Scottish generals, Macbeth and his friend Banquo, returning victorious from the great battle against a rebel army assisted by the troops of Norway, meet three witches in the middle of the road. They begin to speak to Macbeth; the first of them greets him with the title of Thane of Glamis, so it is in the reality; the second follows by giving him the title of Thane of Cawdor, to which honour he has no pretensions; the third predicts that Macbeth will be king of Scotland. Then, turning to Banquo, they prophesy that his son will be king of Scotland. So they turn into the air and vanish. After a while, Macbeth and his friend are stopped by some messengers of the king, who are empowered by him to confer upon Macbeth the dignity of Thane of Cawdor, an event so miraculously corresponding with the predictions of the witches, astonishes Macbeth, who begins to think about the other and more important prophecy.
