Current Catalog

National Library of Medicine (U.S.),1979 First multi year cumulation covers six years 1965 70 *Science, Technology, and Society* David D. Kumar,Daryl E. Chubin,2012-12-06 David D Kumar and Daryl E Chubin We live in an information age Technology abounds information tech nology communication technology learning technology As a once popular song went Something s happening here but it s just not exactly clear The world appears to be a smaller less remote place We live in it but we are not necessarily closely tied to it We lack a satisfactory understanding of it So we are left with a paradox In an information age information alone will neither inform nor improve us as citizens nor our democracy society or in stitutions No improvement will take some effort It is a heavy burden to be reflective indeed analytical and disciplined but only constructively constrained by different perspectives The science based technology that makes for the complexity contro versy and uncertainty of life sows the seeds of understanding in Science Technology and Society STS as it is known encompasses a hybrid area of scholarship now nearly three decades old As D R Sarewitz a former geologist now congressional staffer and an author put it After all the important and often controversial policy dilemmas posed by issues such as nuclear energy toxic waste disposal global climate change or biotech nology cannot be resolved by authoritative scientific knowledge instead they must involve a balancing of technical considerations with other criteria that are explicitly nonscientific ethics esthetics equity ideology Trade offs must be made in light of inevitable uncertainties Sarewitz 1996 p 182 Biological Oceanography: An Introduction Carol Lalli,Timothy R. Parsons,1997-04-10 This popular undergraduate textbook offers students a firm grounding in the fundamentals of biological oceanography As well as a clear and accessible text learning is enhanced with numerous illustrations including a colour section thorough chapter summaries and questions with answers and comments at the back of the book The comprehensive coverage of this book encompasses the properties of seawater which affect life in the ocean classification of marine environments and organisms phytoplankton and zooplankton marine food webs larger marine animals marine mammals seabirds and fish life on the seafloor and the way in which humans affect marine ecosystems The second edition has been thoroughly updated including much data available for the first time in a book at this level There is also a new chapter on human impacts from harvesting vast amounts of fish pollution and deliberately or accidentally transferring marine organisms to new environments This book complements the Open University Oceanography Series also published by Butterworth Heinemann and is a set text for the Open University third level course S330 A leading undergraduate text New chapter on human impacts a highly topical subject Expanded colour plate section **Research Methods for Studying Groups and Teams** Andrea Hollingshead,Marshall Scott Poole,2012-05-22 This volume provides an overview of the methodological issues and challenges inherent in the study of small groups from the perspective of seasoned researchers in communication psychology and other fields in the behavioral and social sciences It summarizes the current state of group methods in a format that is readable insightful and useful for both new and experienced group researchers This collection of essays will inspire new and established researchers alike to look beyond their current methodological

approaches covering both traditional and new methods for studying groups and exploring the full range of groups in face to face and online settings The volume will be an important addition to graduate study on group research and will be a valuable reference for established group researchers consultants and other practitioners The essays in this volume when considered as a whole will be a contemporary interdisciplinary integration on group research methods **American Journal of**
