Surviving Extreme Weather Mykel Hawke, Jim N.R. Dale, 2024-03-05. The only guide you need to prepare for the dangerous effects of climate change. The world has changed and impacts of global warming means weather events like extreme heat, wildfires, hurricanes, and droughts are now being felt by all of us. We can ignore climate change no longer and must prepare ourselves to survive in new conditions. The key to surviving extreme weather events is to understand them from a practical perspective and then plan and execute tactical responses. In *Surviving Extreme Weather*, Mykel Hawke, a renowned survivalist and bestselling author of *Hawke's Special Forces Survival Handbook* and *Hawke's Green Beret Survival Manual*, and British meteorologist Jim N. R. Dale share their expert knowledge and personal experiences while offering valuable insights into the science behind our new weather and how to apply situational awareness, preparedness, and psychology to survive. *Surviving Extreme Weather: The Complete Climate Change Preparedness Manual* is categorized by elements: fire, water, wind, and earth. Events are explained with recommendations anyone can follow to protect themselves and their family and to minimize the risks of damage to life and property. Included are lists of items every person, home, business, and vehicle should always stock, such as first aid kits, afflictions, and applications, emerging technologies to help protect against different weather phenomena, structural and landscape precautions and improvements, philosophies to help family, friends, and neighbors get through any environmental ordeal.

Popular Science, 2007-05. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
