Resources in Education ,2000-04 **Creating Self-Regulated Learners** Linda B. Nilson,2023-07-03 Most of our students neither know how learning works nor what they have to do to ensure it to the detriment both of their studies and their development as lifelong learners The point of departure for this book is the literature on self regulated learning that tells us that deep lasting independent learning requires learners to bring into play a range of cognitive skills affective attitudes and even physical activities about which most students are wholly unaware and that self regulation which has little to do with measured intelligence can be developed by just about anyone and is a fundamental prerequisite of academic success Linda Nilson provides the theoretical background to student self regulation the evidence that it enhances achievement and the strategies to help students develop it She presents an array of tested activities and assignments through which students can progressively reflect on monitor and improve their learning skills describes how they can be integrated with different course components and on various schedules and elucidates how to intentionally and seamlessly incorporate them into course design to effectively meet disciplinary and student development objectives Recognizing that most faculty are unfamiliar with these strategies she also recommends how to prepare for introducing them into the classroom and adding more as instructors become more confident using them The book concludes with descriptions of courses from different fields to offer models and ideas for implementation At a time of so much concern about what our students are learning in college and how well prepared they are for the challenges of tomorrow s economy and society self regulated learning provides a reassuring solution particularly as studies indicate that struggling students benefit the most from practicing it **Extended Essay for the IB Diploma: Skills for Success** Paul Hoang,Chris Taylor,2017-08-14 Build confidence in a range of key essay writing techniques and skills with this practical companion full of advice and guidance from experienced EE experts Build essay writing techniques and skills through a range of strategies serving as a useful companion throughout the writing process from the development of a research question critical thinking referencing and citation to reflecting on the process and final essay Concise clear explanations help you navigate the IB requirements including advice on assessment objectives and academic honesty Learn what is required to get the best EE grades and write an excellent essay with detailed examiner advice and expert tips and hints including common mistakes to avoid Explicit reference to the IB Learner profile and the importance of reflection Paul Hoang is Vice Principal at Sha Tin College English Schools Foundation in Hong Kong He writes for Business Review published by Philip Allan He is a member of the editorial board for IB Review Philip Allan s flagship publication for the IB Paul is the author of several publications including Economics for the IB Diploma Revision Guide Hodder Education IB Business Management 3rd edn IBID Press IGCSE Business Studies for Edexcel Anforme and Cambridge IGCSE and O Level Economics Hodder Education He is an IB examiner and has over 10 years of experience as an IB Workshop Leader Chris Taylor is Extended Essay Coordinator at Sha Tin College an international school and IB World School
