Mapping the Acehnese Past R. Michael Feener, Patrick Daly, Anthony Reed, 2011-01-01 Aceh has become best known in our times for its twin disasters the worst earthquake and tsunami of modern times in December 2004 and a long running separatist conflict that rent Indonesia for most of its independent history Although this book emerged from the process of recovery from those traumas it turns the spotlight on a more positive and

neglected claim Aceh has on our attention as the Southeast Asian maritime state that most successfully and creatively maintained its independent place in the world until 1874 Like Burma Siam and Vietnam all better protected by geography Aceh has its own story to tell of a unique culture struggling for survival through the European colonial era Unfortunately the sources for this story are scattered since Aceh's own records have not well survived the ravages of climate civil war and eventual foreign conquest To recover its cosmopolitan history an unparalleled range of sources and skills had to be brought together Aceh's central role in the creation of Malay literature out of Arabic Persian Indian and Indonesian elements had to be explored with reference to texts surviving in a dozen world libraries Teuku Iskandar Amirul Hadi The rich archeological record neglected through the long years of conflict had again to be brought into play Daniel Perret and the extensive relations of the Aceh sultanate with the Ottoman Empire Ismail G ksoy and Ismail Kad Andrew Peacock Annabel Gallop Portugal Jorge Alves England Annabel Gallop and the Netherlands Sher Banu and Jean Taylor had to be explored chiefly in European archives by experts in these respective fields The result of this combined work in this volume is the most comprehensive picture so far of sources for the history of Aceh
