and structure Part II Movement and Growth and Part III Dissolution and Traces of the present volume respectively Part I Conceptual Grounds consists of two chapters offering conceptual takes on things and ties one from anthropology and one from archaeology As interrelated modes of becoming materiality and connectivity make it necessary to coalesce things and ties into thing ties an insight toward which the chapters and interventions came from different sides and one in which the initial proposition of the editors still shines through Throughout the pages of this volume we invite the reader to travel beyond imaginaries of a universe of separate planets united by connections and to venture with us instead into the thicket of thing ties in which we live **Iklan Pos Juni 2015 Edisi 83** IKLAN POS,2015-06-01
