

Suggested Systems.

Need a marine electronics system but don't know where to start? This section is here to guide you to the creation of your perfect system.

Whether you're fitting out a 17' fishing boat or a 100' motor yacht, the equipment you need, single source solutions or networked systems, with the performance and ease-of-use you expect from Raymarine.

Over the next eight pages, you'll find examples of marine electronics systems, for powerboats and sailboats of various sizes. It's not a hard and fast guide - every boat has its own particular needs - but it's an excellent starting point.

Contact your local dealer for more detailed advice about product specifications and options. You can locate your nearest dealer online at www.raymarine.com

This can be achieved with the flexibility that the Raymarine system gives us, the fact all the components are a single size, they're fully networked, video, audio, showing everything from a distance, speed, only once you've been through to the engine house, and that's the way it is."
