Breaking the Circle Carl B. Becker, 1993 In this much needed examination of Buddhist views of death and the afterlife

Carl B Becker bridges the gap between books on death in the West and books on Buddhism in the East Other Western writers have addressed the mysteries surrounding death and the afterlife but few have approached the topic from a Buddhist perspective Here Becker resolves questions that have troubled scholars since the beginning of Buddhism How can Buddhism reconcile its belief in karma and rebirth with its denial of a permanent soul What is reborn And when exactly is the moment of death By systematically tracing Buddhism s migration from India through China Japan and Tibet Becker demonstrates how culture and environment affect Buddhist religious tradition In addition to discussing historical Buddhism Becker shows how Buddhism resolves controversial current issues as well In the face of modern medicine s trend toward depersonalization traditional Buddhist practices imbue the dying process with respect and dignity At the same time Buddhist tradition offers documented precedents for decision making in cases of suicide and euthanasia
