- 1 This book contains the secret framework where I used the style of play in PLO cash games to take down online poker at Lock Poker until the room shut down a small 50 dollar deposit had become over 10 000USD
- 2 There are many secret frameworks and playing styles provided in the book which can take you from zero to a million dollars fast in Pot Limit Omaha
- 3 Several professional poker players who have gone bust have focused on PLO to regain their riches and in this fast game if you are skilled enough money comes fast
- 4 These are poker secrets which could give you an edge of 2 to 5 percent in the games enough to make you six figure wins in your local poker rooms in PLO some frameworks will apply to NLHE also This book contains all the Pot Limit Omaha secrets which have allowed me to win over 40 000k USD in the past 5 months and these are all the secrets which I cannot share on my Youtube Channel Max King Poker Secrets I can reveal all the secrets of Baccarat and Roulette on my YouTube Channel but if I reveal PLO secrets and the secret frameworks I use to crush the competition everyone will start using them Let me tell you a story there was a time when I was preparing for Chess Tournaments and taking training I discovered a new kind of attack and when I would play online I started using the new attack and used that successfully in over 50 games and in just a period of 1 year I would notice that the online players had adopted my new attack as their tool This is because everyone was reviewing their games and finding out new kinds of attacks and were able to successfully defend it Now coming back to poker and Pot Limit Omaha it is a very simple game to learn but complexity and the amount of secrets contained is immense most players go with the theory that everything has been discovered and yet the secrets at any poker table are all waiting to be discovered for example a tell is a kind of secret that if you discover could you reward with immense profits There are several other secrets for example what kind of ranges opponents are using this needs you to concentrate very carefully in the game The amount of research and framework to process this kind of information at any live poker game is not built you just hear Alec Torelli kind of players discuss a range narrowing funnel system but it is rudimentary Now if these poker pros who have made millions of dollars are not going to reveal their poker secrets and frameworks because it would mean cutting into their profits What you will learn in this
- 1 Secrets to win over 1 million dollars from Pot Limit Omaha
- 2 Everything that you need to become a master in PLO
- 3 A short crisp to the point and concise book that you can finish but several readings are necessary to grab all the points in details
