Emotions Vocabulary Ks1:

Blob PSHE Ian Long, Pip Wilson, 2024-12-09 Ideal for learners in both primary and secondary school Blob PSHE brings our favourite Blob characters and scenarios together providing an essential visual resource to prompt thoughtful discussion surrounding a range of subjects topics and experiences within PSHE Divided into three distinct sections the book covers wellbeing relationships and the wider world Each section begins with an overview of the PSHE curriculum and demonstrates how the topics covered map onto the PSHE framework in Key Stages 1 2 and 3 to support statutory learning Practitioners will benefit from discussion prompts thought starters and lists of questions to help them integrate the Blobs into their teaching and use them effectively within the classroom An essential resource for teachers in primary and secondary education this is the perfect addition to any PSHE toolkit Worksheets and PDFs are available electronically for download and projection supporting successful PSHE teaching and learning

That's My Story!: Drama for Confidence, Communication and Creativity in KS1 and Beyond Adam Power-Annand, 2024-03-25 The ability to communicate is an essential life skill for all children and young people and it underpins their social emotional and educational development If a child experiences a positive relationship with an adult listening carefully they are more likely to constructively share their thoughts feelings and their imaginative ideas That's My Story! places children's imagined stories at the heart of their own development and provides a joyful creative approach to support young children's personal and social development and to encourage their communication In this book you will find Tried and tested drama games and activities that support communication and well being all adaptable to complement your current practice Guidance and advice on how to promote positive adult child interactions Examples of creative interventions that support children's communication development A celebration of the joy that comes with carefully listening to children's own imagined stories Those of us who work with children can sense a tangible connection between how young children feel and how they communicate This essential and practical resource will be valuable reading for primary teachers teaching assistants speech and language therapists and drama practitioners as well as outreach and education departments of theatre companies and other arts organisations

Early Childhood And Primary Education: Readings And Reflections Johnston, Jane, Halocha, John, 2010-09-01 Early years and primary are often seen as very separate stages of development although children are expected to progress from one key stage to another in a seamless way and the historical and philosophical ideas underpinning practice at the different stages are often the same or similar To be fully effective professionals need to understand and reflect on both children's experiences before and after the stage they are currently working in and the historical and current ideas and practice The current drive is to equip professionals working with young children with higher level understandings and skills and this involves consideration of the key historical and current theories and the development of the conceptual and philosophical frameworks which positively impact on current practice The strengths of this book are that it develops the necessary

understandings and skills and closes the gap between professionals working together to support children holistic development It also provides opportunities to engage in critical debate on current issues in professional practice as identified in national and international reports and develop their skills through this engagement It will be of benefit to a range of students on Initial Teacher Education Education Studies and Early Childhood Studies programmes as well as professionals working with children from birth to 11 years of age from early career to leaders and lecturers teaching HE courses

Drama Lessons for the Primary School Year John Doona, 2012-11-12 A year of drama ready to use schemes at your fingertips 25 topical schemes of work 100 drama lessons This book really will offer some new and exciting ideas for teachers to teach Even teachers who enjoy their job often complain that they become stale after teaching the same things every year They look for new ideas that will reignite their enthusiasm I think this book could offer some sparks Jo Howells English Advisor Warwickshire Educational Development Service Looking to engage enthral and educate your pupils in timely and topical drama based activities In need of dynamic and inventive cross curricular exercises for single lessons extended units or school assemblies From the September blues of change through Great Fires Guy Fawkes Antarctic penguins Rainbow Fish and Chinese Walls to Mandela s mighty day this book offers a fascinating array of lives to be lived and journey s to be made Drama Lessons for the Primary School Year will enable teachers to develop their expertise and confidence in order to create active and imaginative schemes of drama for the classroom It offers a programme of ready to run workshops linked to specific dates in the calendar and specific themes into which teachers can readily dip on a regular basis The first section uncovers the author s own creative processes in generating drama experience and offers it to the reader in a set of simple practical steps The rest of the book is a wide ranging compendium of schemes of work attached to specific calendar dates throughout the school year These detailed drama lesson plans can be run as one off workshops or can be used by teachers as a basis for creating their own drama led curriculum experiences The book offers a practical structure to support these new creative planning tasks This indispensable resource is for all Primary teachers looking for inspiration in developing effective drama sessions exploring kinaesthetic learning and developing creative cross curricular approaches to their teaching
