Secrecy, Law and Society Greg Martin, Rebecca Scott Bray, Miiko Kumar, 2015-05-08 Commentators have shown how a culture of security ushered in after the terrorist attacks of 11 September 2001 has involved exceptional legal measures and increased recourse to secrecy on the basis of protecting public safety and safeguarding national security In this context scholars have largely been preoccupied with the ways that increased security impinges upon civil liberties While secrecy is justified on public interest grounds there remains a tension between the need for secrecy and calls for openness transparency and disclosure In law secrecy has implications for the separation of powers due process and the rule of law raising fundamental concerns about open justice procedural fairness and human rights Beyond the counterterrorism and legal context scholarly interest in secrecy has been concerned with the credibility of public and private institutions as well as the legacies of secrecy across a range of

institutional and cultural settings By exploring the intersections between secrecy law and society this volume is a timely and critical intervention in secrecy debates traversing various fields of legal and social inquiry It will be a useful resource for academic researchers university teachers and students as well as law practitioners and policymakers interested in the legal and socio legal dimensions of secrecy **The Irish Yearbook of International Law, Volume 9, 2014** Fiona de Londras, Siobhán Mullally, 2017-02-09 The Irish Yearbook of International Law IYIL supports research into Ireland's practice in international affairs and foreign policy filling a gap in existing legal scholarship and assisting in the dissemination of Irish thinking and practice on matters of international law On an annual basis the Yearbook presents peer reviewed academic articles and book reviews on general issues of international law Designated correspondents provide reports on international law developments in Ireland Irish practice in international bodies Ireland and the Law of the Sea and the law of the European Union as relevant to developments in Ireland In addition the Yearbook reproduces key documents that reflect Irish practice on contemporary issues of international law Publication of The Irish Yearbook of International Law makes Irish practice and *opinio juris* more readily available to governments academics and international bodies when determining the content of international law In providing a forum for the documentation and analysis of North South relations the Yearbook also makes an important contribution to post conflict and transitional justice studies internationally As a matter of editorial policy the Yearbook seeks to promote a multilateral approach to international affairs reflecting and reinforcing Ireland's long standing commitment to multilateralism as a core element of foreign policy The ninth volume of The Irish Yearbook of International Law engages with contemporary issues in international law raising questions both as to the conceptual underpinnings of international law in relation to the Responsibility to Protect doctrine and state practice in fields such as Law of the Sea and belligerent occupation prosecution of war crimes in domestic courts and the evolving field of international disability law

North Country Jon K. Lauck, Gleaves Whitney, 2023-05-04 Travel north from the upper Midwest's metropolises and before long you're Up North a region that's hard to define but unmistakable to any resident or tourist Crops give way to forests mines or their remains mark the landscape and lakes multiply becoming ever clearer until you reach the vastness of the Great Lakes How to characterize this region as distinct from the agrarian Midwest is the question North Country seeks to answer as a congenial group of scholars journalists and public intellectuals explores the distinctive landscape culture and history that define the northern margins of the American Midwest From the glacial past to the present day these essays range across the histories of the Dakota and Ojibwe people colonial imperial rivalries and immigration and conflicts between the economic imperatives of resource extraction and the stewardship of nature The book also considers literary treatments of the area and arguably makes its own contributions to that literature as some of the authors search for the North Country through personal essays while others highlight individuals who are identified with the area like Sigurd Olson John Barlow Martin and Russell Kirk From the fur trade to tourism fisheries to supper clubs Finnish settlers to Native treaty rights the

nature of the North Country emerges here in all its variety and particularity as clearly distinct from the greater Midwest as it is part of the American heartland **The Routledge History of the Modern Maritime World since 1500** Kenneth Morgan, 2025-05-01 The Routledge History of the Modern Maritime World since 1500 provides a wide ranging set of chapters covering the sixteenth century to the present which represent the main lines of current enquiry in maritime history Over the past half century maritime history has become a significant sub field of historical research that intersects with broader historical concerns such as oceanic history global patterns of production and consumption and the maritime heritage industry Informed by original research an engagement with current historiographical concerns and a global geographical reach the book is divided into sections covering shipping ports merchants and trade maritime environments coastal zones and the human dimension Chapters focus on different countries across different ranges of time and also with different methodological approaches The six sections of this book show the significant areas central to the study and understanding of the modern maritime world and collectively they highlight the areas in which the themes pursued by maritime historians have advanced and are currently moving This book will appeal to various academic audiences students will find chapters dealing with major topics in maritime history that will help them in their courses for professional scholars in history archaeology heritage studies historical sociology and economics chapters outline some of the latest research in the field

Once and Future Partners William C. Potter, Sarah Bidgood, 2018-10-09 Despite their Cold War rivalry the United States and the Soviet Union frequently engaged in joint efforts to prevent the spread of nuclear weapons Leaders in Washington and Moscow recognized that nuclear proliferation would serve neither country's interests even when they did not see eye to eye in many other areas They likewise understood why collaboration in mitigating this nuclear danger would serve both their own interests and those of the international community This volume examines seven little known examples of US Soviet cooperation for non proliferation including preventing South Africa from conducting a nuclear test developing international safeguards and export control guidelines and negotiating a draft convention banning radiological weapons It uses declassified and recently digitized archival material to explore in depth the motivations for and modalities for cooperation under often adverse political circumstances Given the current disintegration of Russian and US relations including in the nuclear sphere this history is especially worthy of review Accordingly the volume's final chapter is devoted to discussing how non proliferation lessons from the past can be applied today in areas most in need of US Russian cooperation

New Destinations of Empire Emily Mitchell-Eaton, 2024-11-01 In 1986 the Compact of Free Association marked the formal end of U S colonialism in the Republic of the Marshall Islands while simultaneously re entrenching imperial power dynamics between the two countries The U S RMI Compact at once enshrined exclusive U S military access to the islands and established the right of visa free migration to the United States for Marshallese citizens leading to a Marshallese diaspora whose largest population resettled in the seemingly unlikely destination of Springdale Arkansas An all white town by design

for much of the twentieth century Springdale having nearly quadrupled in population since 1980 has been remade by Marshallese as well as Latinx immigration Through ethnographic policy based and archival research in Gu han Saipan Hawai i Arkansas and Washington D C New Destinations of Empire tells the story of these place based transformations revealing how U S empire both causes and constrains mobility for its subjects shaping migrants experiences of racialization citizenship and belonging in new destinations of empire In examining two spatial processes imperialism and migration together Emily Mitchell Eaton reveals connections and flows between presumably distant remote sites like Arkansas and the Marshall Islands showing them to be central to the United States most urgent political issues immigration racial justice militarization and decolonization

Empire in Asia: A New Global History Brian P. Farrell, Donna Brunero, 2018-09-20 Asia was the principle focus of empire builders from Alexander and Akbar to Chinggis Khan and Qianlong and yet until now there has been no attempt to provide a comprehensive history of empire in the region Empire in Asia addresses the need for a thorough survey of the topic This volume covers the long 19th century commonly seen in terms of high imperialism and the global projection of Western power This volume explores the dynamic volatile and often contested processes by which by the early years of the 20th century Asian states space and peoples became deeply integrated into the wider dynamics of global reordering Drawing on case studies from across Asia the contributors discuss key themes including ideology concepts of identity religion and politics state building and state formation the relationships between space people and sovereignty the movements of goods money people and ideas and the influence and impact of conflict and military power The two volumes of Empire in Asia offer a significant contribution to the theory and practice of empire when considered globally and comparatively and are essential reading for all students and scholars of global imperial and Asian history

History Paper Memo September 2014 North West: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
