The Certainty of Uncertainty Mark Schaefer,2018-08-23 The world is full of people who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life s problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world We Don't Get It! Frank J. Regan,2005

The Social Organism Oliver Luckett,Michael Casey,2016-11-15 A must read for business leaders and anyone who wants to understand all the implications of a social world Bob Iger Chairman and Chief Executive Officer of The Walt Disney Company From tech visionaries Oliver Luckett and Michael J Casey a groundbreaking must read theory of social media how it works how it s changing human life and how we can master it for good and for profit In barely a decade social media has positioned itself at the center of twenty first century life The combined power of platforms like Facebook Twitter Instagram Snapchat and Vine have helped topple dictators and turned anonymous teenagers into celebrities overnight In the social media age ideas spread and morph through shared hashtags photos and videos and the most compelling and emotive ones can transform public opinion in mere days and weeks even attitudes and priorities that had persisted for decades How did this happen The scope and pace of these changes have left traditional businesses and their old guard marketing gatekeepers bewildered We simply do not comprehend social media s form function and possibilities It s time we did In The Social Organism Luckett and Casey offer a revolutionary theory social networks to an astonishing degree mimic the rules and functions of biological life In sharing and replicating packets of information known as memes the world s social media users are facilitating an evolutionary process just like the transfer of genetic information in living things Memes are the basic building blocks of our culture our social DNA To master social media and to make online content that impacts the world you must start with the Social Organism With the scope and ambition of The Second Machine Age and James Gleick s The Information The Social Organism is an indispensable guide for business leaders marketing professionals and anyone serious about understanding our digital world a guide not just to social media but to human life

West has been replaced by sweeping secularism But is that the end of the story It was a conversation with agnostic journalist Douglas Murray that led Brierley to investigate whether a change was on the horizon Speaking of the Sea of Faith Murray remarked that tides come back in again and that a number of his intelligent friends had converted to Christianity in recent years Brierley was seeing a similar trend among the secular thinkers he had interviewed Jordan Peterson Tom Holland Dave Rubin and many others have found themselves surprised by the continuing resonance and relevance of Christianity and they are joining in on conversations about faith Readers will encounter Brierley's discussion of cultural trends and concepts including The meaning crisis Public intellectuals embracing faith Why the Christianity story is ready to return And much more In The Surprising Rebirth of Belief in God Brierley outlines the dramatic fall of New Atheism and the birth of a new conversation on whether God makes sense of science history culture and the search for meaning People are returning to Christianity but is the church prepared to welcome a new wave of faith There's a new conversation building The tide is coming

Mindfulness for Life Stephen McKenzie, Craig Hassed, 2015-03-15 Mindfulness is a form of mental training that has been widely practised for millennia however it's only recently that science and clinical practice have discovered the profound potential of mindfulness based practices for increasing our wellbeing Our tendency to not be fully present in life has vast implications Being unmindful means wasting our lifetime missing important information increasing our risk of physical and social accidents and communicating more superficially with other people Importantly it makes us unhappier than we realize and vulnerable to stress and poor mental health By focusing on what is rather than be distracted by what isn't mindfulness can make us much calmer happier and healthier beings Mindfulness for Life is the only book you will ever need on mindfulness It shows you how to apply mindfulness techniques to your own life whether you need help with medical conditions personal development or spiritual development Chapters are included on stress and ageing anxiety depression addiction attention deficit disorders pain weight management eating disorders heart disease and stroke cancer dementia and sleep lifestyle education workplace parenting and sporting enhancement and self actualization happiness and enlightenment development Mindfulness for Life is written by two experts in the field who bring the medical perspective of an international authority on mindfulness and the psychological perspective of a researcher The result is a book that translates the scientific principles behind mindfulness into a simple practical and accessible manual to applying mindfulness for life Z.E.R.O.

Joseph Jaffe, Maarten Albarda, 2013-10-07 The world has changed Everyone keeps reminding marketers and advertisers about the never ending and accelerating forces of technology disruption consumer changes and innovation evolution in the marketing world today Sounds exciting except for the fact that we're doing absolutely nothing about it Zero Simply put under current operating conditions the advertising industry will not be able to sustain itself and without taking action is likely to result in severe to catastrophic outcomes from financial underperformance to job loss to even a collapse of the current media ecosystem The solution The Marketing Model can be fixed by slashing your ad budget and investing in the Z E R O
