Cantonese as a Second Language John C. Wakefield,2019-04-09 Cantonese is a language from southern China that is spoken by roughly 70 million people worldwide It is the language of Hong Kong cinema and has traditionally been the most prominent language spoken in Chinatowns around the world People choose to learn Cantonese for a variety of social and economic reasons because it is a heritage language that one s relatives speak because it is the

language of one's partner and monolingual in laws because it is necessary for living and working in Hong Kong Macau Guangzhou or other Cantonese speaking communities because it is the bridge to fully appreciating and understanding Cantonese culture or simply because it is an irresistible challenge Whatever the motivation more and more people are choosing to learn Cantonese as an additional language This book discusses many issues related to both acquiring and teaching Cantonese If you are a learner of Cantonese this long overdue volume is essential to understanding both the grammatical and the social issues involved with learning this notoriously difficult language If you are a teacher this book will be invaluable to gaining insight into your students motivations and needs And finally if you are an applied linguist the unique aspects related to the acquisition of Cantonese offer a fascinating contribution to the literature Leadership and Management in Education David Thenuwara Gamage, Nicholas Sun-keung Pang, 2003 This book is designed to help educational administrators in developing essential skills and competencies for leading and managing educational institutions Text covers three inter related parts history and foundations structures and processes leadership and management Each part contains comprehensive chapters with discussions on theoretical concepts and best practices in approaching leadership and managerial issues in educational contexts including clear learning objective and a focus for each chapter New Englishes Joseph Foley, 1988 The spread functions and models of the New Englishes have become a dominant theme of the eighties This volume addresses specifically the English used in Singapore in the private and public domains particularly the school system The topics covered include an overview of earlier studies and attempts at codification a consideration of whether the formal mode of written Singapore English should be standardised the problems of pronunciation etc and specific lexico grammatical problems which have proved to be ambiguous for those not familiar with Singapore English Also included in this volume is the largest bibliography so far published on Singapore English with over 700 titles listed thus providing an essential tool for any future research *Globalization and Education* Joshua Ka-ho Mok, David Kin-keung Chan, 2001-12-01 The growing impact of globalization has affected educational development in many parts of the globe In order to maintain national competitiveness in the global marketplace governments across the world have started to review their education systems and introduce different reform initiatives in education in order to enhance the global capacity of their citizens This book adopts the wider perspective of globalization in order to examine and critically reflect upon the origin evolution and development of the Quality Education Movement in Hong Kong It pays particular attention to how Hong Kong's education has been affected by the global trend to economic rationalism and managerialism More specifically the major aim of this book is to examine and analyse the most recent reform measures adopted by the HKSAR in its quest for quality education in Hong Kong This book is divided into four parts Part One provides the theoretical conceptual framework and historical context for the book Part Two focuses on approaches to quality education Part Three focuses on policy change and education reforms that are operationalized in school and higher education institutions Part Four is a reflection and conclusion The editors

discuss the impacts and the costs of managerialism in the education sector and suggest the kind of policy implications it might have when adopting a managerial approach in education
