That's something that Angelo Baratta, who spent more than thirty years leading more than a hundred projects for more than fifty organizations, discovered the hard way. While most of these projects succeeded, success rates were never as high as they should have been. This, he determined, was the direct result of the design of the business processes. By mastering process design, organizations can achieve much higher success rates and all stakeholders can benefit. With this guidebook, you'll learn how to improve performance by employing the Relational Process Model, a systematic approach to designing business processes. You'll learn the power of linking execution to strategy, various strategies to make value visible, how to measure and promote excellence, ways to promote meaningful change, many other methods to improve business operations. It is essential to improve the design of business processes because organizations don't just deliver services; they are also where people spend a good portion of their lives. Connect strategy, processes, projects, and performance, and equip yourself with the tools you need to improve your organization with *More Perfect by Design*. **NIST Handbook**, 1989 **Crimes Collide, Volume 1** Kristine Kathryn Rusch, Dean Wesley Smith, 2022-04-20 For more than four decades, *New York Times* and *USA Today* bestselling writers Kristine Kathryn Rusch and Dean Wesley Smith have been writing professional mystery short stories that have won awards and sold millions of copies; plus, they have been acclaimed and enjoyed by fans over the entire world. Now, for the first time, they collect 100 of their mystery short stories into a five-volume series called *Crimes Collide*. Fifty stories total from each author, with ten stories from Rusch and ten from Smith in every volume. Volume 1 starts off the series with light or cozy stories. Beginning with Rusch's *Stomping Mad* from her *Spade Paladin* series about a murder at a science fiction convention and ending with Smith's *Under the Skin of Death* from his *Cold Poker Gang* series where two retired Las Vegas homicide detectives solve a cold murder case, this volume puts puzzle solving front and center from page one.
