resolutions of ownership of looted art The Hampton Classic this having been its forty first year continues to involve founding members who modestly revere its evolution as if ones own favored child and who shrink only from promoting and individually acknowledging themselves over the hundreds of other committed equestrians that have elevated the horse show to such international prominence No such anonymity attaches to the individuals institutions and organizations struggling for justice regarding Nazi looted art Theirs is to make known to all potential claimants that they stand ready to storm the gates to rightful recovery of their legacies Regrettably the United States of America home to many such claimants has not been able to properly reconfigure the mosaic of conflicting interests that hinder justice Despite well meaning conferences laws and even institutionalized governmental efforts America stands well behind modern Germany for example as an inviting beacon Even the early Washington Conference of 1998 would plead but neither demand nor ever enforce laws rules and regulations compelling museums to provide a fair and just solution to Nazi era claimants The 1970 UNESCO baseline principles find no receptivity here The FBI's own National Stolen Art File NSAF is largely ignored by holders of Nazi assets Vacuous files such as that of the Nazi Era Provenance Internet Portal NEPIP intended to be the sine qua non registry gives the viewer a feeling of entertainment without a punch line The ethical guidelines of the American Association of Museums AAM reads more like a childish time out lecture than a serious behavioral code What then is there to acknowledge In a word failure **Forbidden Woman** Kingsley Adrian Banks ,2022-12-12 Adamma is happy now or thinks she is as happy as she can ever be until one night when she dreams of a very beautiful woman Mmirimma her long lost mother lost to history over twenty years ago Adamma's strange dream centers around the events that led to the death of her father and the disappearance of her mother Against all rationality against all evidence to the contrary Adamma rekindles the flames of hope that her mother Mmirimma who had been missing for over twenty years is still alive From the glitzy playgrounds of Lagos Adamma heads East seeking answers to questions that had plagued her entire adult life and there back East she hits a brick wall She is warned to stop looking for Mmirimma that a dark and terrifying destiny awaits her if she doesn't let her mother go Against all odds Adamma embarks on a journey back into her past to find the threads of her long lost family But along the way she descends into shocking chaos as if Fate itself is working against her Death dogs her footsteps trusted friends become enemies her family seems to be falling apart yet she ploughs on in her search for her mother With each step she makes closer to the truth about her mother's disappearance her family seems to fall apart the more and she faces a trial that will send her to her death if she loses and destroy her family if she wins
