Americans with Disabilities Act Handbook Henry H. Perritt, 2002-11-01 The Americans With Disabilities Act Handbook provides comprehensive coverage of the ADA's employment, commercial facilities and public accommodations provisions as well as coverage of the transportation, communication and federal, local and state government requirements. In one comprehensive two volume set you'll get a complete analysis of the Act and all the forms and case law you'll need to prepare your case. Recognized ADA authority Henry H. Perritt Jr. clearly defines statutory and regulatory requirements for public and private employers, commercial facilities and places of public accommodation. There's a complete analysis of the rapidly expanding case law organized by frequently litigated topics like wheelchair access and AIDS discrimination. In depth analysis is provided for the numerous federal and state cases and significant regulatory activity by the EEOC cropping up each year. You'll also get thorough analysis of how the Rehabilitation Act of 1973 relates to ADA. The statutory definition of disability and the concept of being "otherwise qualified" for a job are also discussed in depth. And you'll see exactly what employers, business owners and providers of governmental services must do to make "reasonable accommodation." Plus a comprehensive section that organizes case law by type of physical and mental impairment and accommodation by type of job requirement making analysis easier. *Americans With Disabilities Act Handbook* has been updated to include: Analysis of a Supreme Court case finding that Wal Mart class action did not meet requirements of Federal Rules of Civil Procedure 23. Case law applying the 2008 Amendments and EEOC's implementing regulations. Analysis of Supreme Court case providing a framework for "cat's paw" proof of disparate treatment. Analysis of a Supreme Court case finding retaliation because of a fiancée's protected activity. Analysis of a Supreme Court case allowing oral requests for FMLA leave. Analysis of cases assessing whether the employer erroneously perceived an employee as unable to perform a "range of jobs." Discussion of a case denying safe harbor to a recovering drug abuser. Analysis of case allowing an employer to assign an HIV positive employee to train only those employees signing a waiver. Discussion of a case finding that a return to work medical examination did not violate the ADA. Analysis of the "one strike" rule imposed by an employers' association. Discussion of a case finding that reductions in paratransit services did not violate ADA. New cases rejecting challenges to arbitration.
