Station 5: Practice Makes Perfect

- On your own paper draw the data table to record your measurements (with units!) Measure carefully and make sure you understand how to take each measurement because you will have to measure for a grade in our labs!

Item Measured	Measurement (with units!)	Tool Used
Temperature of water		
Width of textbook		
Mass of rock		
Volume of water		
Length of this paper		
Temperature of air		
Mass of pencil		

- **Challenge:**
Suppose you need to find the volume of an irregularly shaped solid object such as the rock. How might you accomplish this? Describe the steps you would take.

Teaching Science to Every Child John Settlage,Sherry A. Southerland,2007 Teaching Science to Every Child proposes a fresh perspective for teaching school science and draws upon an extensive body of classroom research to meaningfully address the achievement gap in science education Settlage and Southerland begin from the point of view that science can be thought of as a culture rather than as a fixed body of knowledge Throughout this book the idea of culture is used to illustrate how teachers can guide all students to be successful in science while still being respectful of students ethnic heritages and

cultural traditions By combining a cultural view of science with instructional approaches shown to be effective in a variety of settings the authors provide elementary and middle school teachers with a conceptual framework as well as pedagogical approaches which support the science learning of a diverse array of students Harcourt Science ,2004-07
